**JUST THE FACTS**

- 1 First of all... No verbal agreements are recognized. Everything must be in writing on the contract. Please make sure everything is written on your order. If something is not on your work order, please do not request it from our staff. They are not allowed to give anything not on the contract.
- 2  We have a 24-hour emergency service. If you have an emergency, please call our toll-free number. We will respond as quickly as possible. There is a \$50.00 service charge for emergency calls. We will not be responsible for any damage to your property or any injury to you or your family. We will not be responsible for any damage to your property or any injury to you or your family.
- 3  We don't know what it means to change your mind. If you change your mind, we will not be responsible for any damage to your property or any injury to you or your family. We will not be responsible for any damage to your property or any injury to you or your family.
- 4  Condominiums... Customers are responsible for obtaining their own condo approvals. All associations have their own rules. Normally, approvals are granted when replacing like products and colors.
- 5  Contact info... We require at least 2 telephone numbers and an email address from every customer. Please provide this information and the best numbers to contact you during working hours (9AM-5PM).
- 6  Project Managers... You will be assigned your own project manager. The main extension for the installation department is 3800. Your project manager will call you the morning of your installation and let you know what time your installer is expected to arrive within a 2 hour time frame, for example 9-11AM, but it does vary depending on drive time and material pick up.
- 7  Installation start time is approximately 6 to 12 weeks after approval. Please refer to the installation time frame on your contract. Sales reps are not allowed to change these times. You may not hear from us for a period of time while we are waiting for your materials to arrive. Don't worry! We will call as soon as possible to schedule your job. If you are using our financing, the clock doesn't start ticking until your loan is approved. If your installation time extends past the estimated time on your contract, we will credit your account \$50 per week for every week that we fall behind.
- 8  We cannot hold or guarantee any installation dates. Installations are weather-pending and nobody can predict Mother Nature. Our installers use power tools, so we use weather reports as a guide. Keep in mind, it may not be raining at your house, but it may be expected in your area. Sometimes crews call in sick, trucks break down, etc., just like every other place of business. Please be understanding if this happens. If by chance, your installation is cancelled more than once, for reasons other than weather, we will gladly refund \$100 to you for your inconvenience.
- 9  If you MUST have a Saturday your projected time of installation may be longer than what is written on the contract. Special order items may also add to the time frame. All installation arrival times are based on 2 hour increments, such as 8-10, 9-11, 10-12. We cannot pinpoint an exact arrival time.
- 10  Length of installation - Average time for a roofing installation is 2-5 days. Siding installations are 3-10 days. These time frames are based on the size of the jobs and the degree of difficulty so longer installation times may occur.
- 11  A responsible adult 18 years or older must be at the installation site at the beginning and the end of the job. The head installer will do a walk around with you prior to starting work to assess any existing damage, landscaping, or any property that could be affected by the construction. He is available to answer any questions you may have at that time. The head installer is also required to do a post inspection when the job is completed. We want to make sure that we exceeded your expectations, so go over the job very carefully. If there is anything that needs to be addressed, he will be able to take care of it, or ensure that any necessary parts are reported and ordered. Your balance due is payable by cash, check, money order, or credit card. If you are using our financing program a completion slip may need to be signed. Your installer will need to collect at the end of the job.
- 12  Installation Team... We only use Hanson's-authorized contractors. Crews usually consist of 1 to 4 people. Our installer-partners use their own trucks and tools and are fully insured over and above Hanson's existing insurance. All work is guaranteed by Hanson's, so you never have to worry. There will be lots of nailing so please take down all decorations hanging on the walls.
- 13  Power... Installers will need to use your electricity. They do not carry generators, so I agree to supply access to my power.
- 14  Children and pets... Please provide a safe location away from the area during the installation process. Installers use power tools and we don't want anyone to get hurt.
- 15  Financing... If you are financing your balance, Hanson's finance department will notify you when your loan is approved. This could take up to 14 days. We will work hard with the finance companies to get your loan approved and sometimes the terms will change. The finance company may also ask you for additional information and your cooperation will help speed the process. If any loan terms change, Hanson's finance department and/or your representative will explain them to you.
- 16  Landscaping... When your installation is in process, there is debris. Some of it could fall on your landscaping. Our installers do their best to avoid damaging your flowers, trees, and bushes, but sometimes it does happen. Please be understanding.

**ALL CONTRACTS**

I understand the details of my pre-install checklist and I have received a copy. Please start my order immediately. If I do not answer your call within 24 hours please feel free to call my manager at extension #1111
