Re. Property at 503 Appian Ave.

Dear Mrs. Parks

Hope your having a good day. I regret to inform you that the electrical service at the property you own at 503 Appian Ave. is in need of replacement. Upon inspection of the electrical service entrance, I have found that there are numerous City Code violations. Please contact your electrician and make arrangements to upgrade the electrical service entrance and its appurtenances. I will be glad to meet you and your electrician at the site to review the options.
