1	We propose to build a deck on the back of the home. The deck will be 24'w and out from the house 15'. The frame work of the deck will be of treated lumber. The top of the deck will be composite deck boards by TimberTec in the terrain collection. Deck boards will be attached to the frame using a hidden fastener system and there will be cladding boards that will surround the exterior framework of the deck. A set of step that is 4' wide will come along the house on the southwest side that will be covered with composite deck boards and risers. The railing will be made of white poly vinyl and will be placed around the deck with 2 sets of stair railings. The bottom of the deck will be open. Owner is responsible for any permits unless prior arrangements are made. Should the owner choose a different style railing or deck board the pricing may change. Material tax and labor <i>Stone Ash</i>	9,841.42	9,841.42
		(7.25%)	
		TOTAL	

All material is guaranteed to be as specified. Any alteration or deviation from above specifications involving extra costs will be executed only upon written orders.

1	Removal of existing window and installation of french style patio door. The 87" window will be removed, a larger opening will be framed in with a new, larger header. The door will be installed (owner already has the door) into the opening. Brickmold will be placed on the outside of the house along with new trim for the siding. New style 356 oak casing will be installed on the inside. Should there be any electrical, plumbing, or HVAC lines in the wall where we are widening the opening, additional charges will apply to move these items. Door knob hardware is not included in this price and will need to be there when we install the door. These items can be purchased from us if the owner chooses.
