

# Mud on City Streets related to home construction at 662 Briarheath Ave.

## MEMORANDUM

**TO:** Chief Robert Weitzel, Napoleon City Police Dept.  
**FROM:** Brent N. Damman, Zoning Administrator  
**SUBJECT:** Mud on City streets related to home construction at 662 Briarheath Ave.  
**DATE:** March 21, 2003

### BACKGROUND:

On March 18th 2003 @ 1:39 PM, I performed a footer sub grade inspection @ the subject new home site. Once the inspection was completed I spoke to the foreman Mr. Nick Wichman asking him if he is the sole contact person on this project and if he is the person who is in charge of the project, he stated that he was and that all communications should be to him regarding the new home construction. I then informed him that in the event the concrete truck distributes mud to the road surface that he is obligated to remove it from the roadways. He stated that he would make sure that mud was not left on the roadways he would take care of it. On March 19<sup>th</sup>, 2003 @ approx. 9:30 AM, I visited the subject site to check the condition of the footers and the roadways, much to my dismay I discovered that portions of Briarheath Ave and Bales Road had mud scattered about them. I came back to the office and called Mr. Wichmans cell phone (according to him, his preferred method of contact) there was no answer and the voice mail did not offer the message option. I then called his boss Mr. Jim Beaddy to inform him of the mud problem, he was not in the office and the sec. asked if I would like to leave a message. I started to explain to her that there was mud all over damn road and that Mr. Wichman promised that he would take care of it. She stated that I did not need to talk to her that way, so I hung up. I then called Mr. Wichmans office phone and left a message for him to remove the mud from the roads immediately or action would be taken. I did not hear from him. Today March 21, 2003 I check to see if the mud had been removed and it had not. Again I called Mr. Wichmans cell phone – no answer. I then called Mr. Beaddy's number and he was not in again so I left a message again. Mr. Wichman then called back about a ½ hour later. I explained to him that it was too late I had already called P.D. and taken action on the matter.

Nick Wichman  
Field Supervisor
