Napoleon, Ohio

To Whom It May Concern:

This letter is to confirm my recent conversation with Randy regarding the fire suppression sprinkler repairs performed on local fire suppression systems recently by employees of your company. Though your company does quality work, the State of Ohio requires that those employees performing work on any fire suppression system be either certified or directly supervised by an employee who is certified. I am asking that your company not perform any other fire suppression sprinkler repairs until the required certification is obtained.

Thank you for your time and co-operation. If I can be of any service in helping you obtain the required certification, please let me know.

Sincerely,

Allan M. Woo  
Chief
