Dear Mr. Brennen:

Members of Council
Darel Austermilller, President
James Jackson
William Young
Lawrence Haase
Darrell Fox
James Zumfelde

An inspection was done on Friday, July 23, 1982 of your electric service. The underground service at the rear of the house was found to be exposed and susceptible to damage. The driven ground is out of the ground over three feet and should be buried. These two items are violations of the National Electric Code.

City Manager
Richard A. Hayward

I understand your house is an earth shelter and that the earth is to be piled around the rear, which would put the service wires and the driven rod underground. Earth shall be placed over these two items within fifteen (15) days of this date of this letter or the service shall be disconnected.

Law Director
Keith P. Muehlfeld

Your cooperation is requested.

Yours truly,

Richard G. Hayman
Building Commissioner
and Electrical Inspector
