SUBJECT: Burger Chef 6x12 sign on Rt. 108  
Arnold Bischoff property

Dear Mr. Wagner:

This letter will confirm our telephone conversation, requesting a temporary permit for an all steel, 6'x12' sign to be installed at above Bischoff property, near the south property line on the west side of Rt. 108.

We wish to use 25' treated poles in place of the required steel. On or before the end of one year, we will either remove the sign, or replace with a permanent steel sign erection.

Mr. Wagner, this work is planned for around the middle of next week. May we hear from you at your earliest convenience?

The offices of Burger Chef wish to join me in thanking you for considering this request — it is very much appreciated.

A self-addressed envelope is enclosed for your convenience.

Very sincerely,
