The week of April 23, 1980 I talked to the occupants in a house owned by you on the corner of Filmore and Vocke, about removing the rubbish and debris from the exterior property areas. At that time, I told these people I would not send a notice of violation if they would begin cleaning and removing the debris from the exterior areas. As of this date, not much effort has been made to remove the miscellaneous items placed in the yard. Also, the trailer and truck shall be removed. If more progress is not made by the 26th of May, a formal violation notice under our Nuisance Ordinance 92.02 shall be delivered to the property owner. The violation shall then be corrected in 10 days or court action shall be taken.

Your cooperation in this matter is appreciated.

Sincerely,

Richard G. Hayman  
Building Commissioner

## Complaint Debris

501 Filmore

4/28/80

On April 23, 1980 I inspected the above address for a complaint on debris. I found the city had an accumulation of debris around the water tower. The address above also had an accumulation. On April 25, 1980 the city cleaned these portions and I went out and talked to the renter who belongs to the debris. Husband and wife are both over 60 more like 70s. I gave them 30 days to remove most of the debris and told her that when I come back in a month, if a substantial amount was removed I would give them another month.
