Dear Mr. Wagner:

The Standard Oil Company (Ohio) has recently contracted to purchase property located on the SEC of Front & Perry Streets in Napoleon, O. The property is known as Lots 1 and 2 in the original plat in the City of Napoleon, Henry County.

The property is presently zoned General Business which permits the construction of a service station.

Will you please advise if we submit to you building plans in accordance with your building code and upon application issue to us a building permit for the construction of a service station.

I will appreciate your advising us at your earliest convenience. Thank you for your cooperation in this matter.
