LIGHTED SIGNS - Methods of Installation

Post Installation

Rigid 4" x 4" aluminum posts set 30" in ground. Designed to be 6' from grade to top of sign.

Base mount

Sign is mounted on your brick or stone base. Refer to our mounting specifications (provided with order) before constructing base.

NON-ILLUMINATED SLIMLINE SIGN

A cost-saving option for situations that don't require illumination. It measures just 4" deep, compared to 12" for our standard lighted models. With its narrow profile, this sign has a sharp architectural appearance.

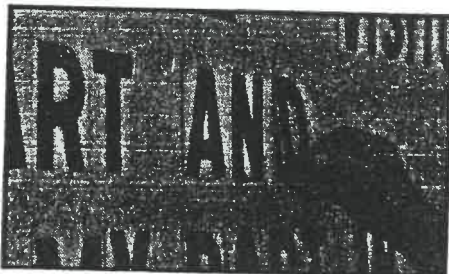

The SLIMLINE is built with the same quality materials that go into our lighted signs.

Sizes: 4' x 6' & 4' x 8' for post mount only

EASY TO USE

In just a few minutes, you can create a new message. Black letters are self-spacing and slip easily into tracks.

ILLUMINATED COMMUNICATION SIGN

- Bright, internal illumination with large, easy to read letters
- Customized to fit your design needs
- All aluminum cabinet with welded joints
- Clear Lexan® covers with locking doors
- Easy to install in just a few hours - complete instructions provided

SIGN SIZES: 4' x 6' with 4" letters
4' x 8' with 6" letters

ORDERING PROCEDURE

To order your sign, just fill in the information requested below and mail a copy of this form to Concordia Publishing House.

Upon receipt of your order, we will mail you a computer rendering of your sign. This confirmation drawing gives you a chance to see the layout and make changes if necessary. Production will begin when we receive your approved drawing.

Be sure to check with your municipality before ordering your sign. Most communities have guidelines for size and placement of signs.
