Dear Mr. Terranova;

I received a call from the Veteran's Administration today and was informed that they had been in contact with you today in regards to a statement concerning any present existing housing codes that Napoleon may have.

What is needed is a statement concerning an existing housing code or a statement saying that Napoleon city does not have an existing housing code.

Thank you for your efforts and I am grateful for the help you have given me in getting this problem resolved.

Sincerely yours;

Donald R. Moore, broker
