Dear Brent,

I appreciate your assistance per our conversation Friday morning regarding the building at my neighbor's home. Last evening, however, they accused me of all kinds of things, including hiring someone to post it (<sup>stop</sup> work sign) at 4:30 am. They (the husband - Roberto Huesco) also threatened me, and my property, repeatedly. I am, therefore, writing to request that you do not tell them that I spoke with you on this matter. I am truly in fear, at this point, for myself and my property. If at all possible, I'd surely appreciate your keeping my name confidential.

I also did not get to ask you a question regarding my own situation. My roof is leaking and needs replaced. Do I need a building permit to roof over the existing shingles? And, also, there is a slight possibility that I may decide

To side the house with vinyl which work is being done here anyway. In that case, what procedures would be required?

I'll appreciate your getting back to me on these questions. I've enclosed my card with my phone numbers. Thank you very much for your assistance, once again, especially for keeping my name confidential. I'll look forward to hearing from you.

Sincerely,  
Peggy Suchmaster
