Dear Mr. Fritz:

Members of Council
Lawrence Haase, President
James Jackson
William Young
Darel Austermler
Darrell Fox
James Zumfelde

The Building Department has received numerous complaints about the new re-stripping of the parking lot at the bowling alley on Independence Drive.

City Manager
Alan E. Tandy

I measured the area and the spaces are the right width but the length is 5 ft. short of code requirements for angled parking. Requirements are 9 ft. X 24 ft.

Law Director
Keith Muehlfeld

The drive space between rows is only 20 ft. and should be 23 ft. for the angle of the spaces.

The City has no authority to make you change the spacing, but I wanted to bring these complaints to your attention.

Yours truly,

Richard G. Hayman
Building Commissioner
