You will be receiving from the City of Napoleon an invoice for the water tap fee and this will be payable to the City.

In turn, you will need to request this same amount from the Henry County C.I.C. as part of the economical development contribution.

It is our understanding that your Contractor, Fire Tech, will test the line and please make sure the City is notified prior to testing.

In addition, the City of Napoleon will warranty its work for one (1) year from the date of this letter, but upon the one (1) year date, the Owner will be responsible to the valve located east of Industrial Drive and adjacent to the twelve (12) inch main line sewer.

Should you have any questions, please call.

Respectfully,

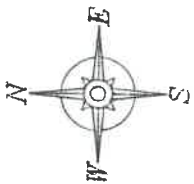

*Marc S. Gerken, P.E.
