In accordance with your request, I have checked with the City Law Director on the address change notice recently mailed to Industrial Drive property owners by the Building Department (copy attached). This letter is to confirm that:

- A) The change is official and legal, and;
- B) It is the intent of the City not to revise your number again at any time in the future.

City Manager
Alan E. Tandy

I suggest that if you are concerned with a future change, you keep this letter on file.

Law Director
Keith Muehlfeld

As I indicated to you on the phone earlier, you can make the actual transition of the use of your number at your own pace. I regret that we caused you inconvenience, however, in the long-run, I think you will be happier with the new number sequence.

Sincerely,

Alan Tandy
City Manager
