An orderly numbering system is necessary for quick response from our public safety personnel of the Fire and Police Departments. It is also a convenience for the visitor to easily locate your residence. We ask therefore that you accept the house number noted above, and promptly arrange to display the number in an appropriate location on your premises, that can be seen from the street.

**City Manager**

Alan E. Tandy

We do not ask that you immediately change or include the new address in your stationary or other printed forms. We do suggest, however, that when you need new printed forms, that you have the new address included at that time.

**Law Director**

Keith P. Muehlfeld

If you have any questions regarding the address, please do not hesitate to call.

Sincerely,

Richard G. Hayman  
Building Commissioner
