### **BEFORE YOU BEGIN – BUILDING CODES**

Be sure to check your local building codes, ordinances and restrictions, and applicable neighborhood governances.

### **BEFORE YOU BEGIN – SURFACE PREPARATION**

To ensure proper assembly and performance your shed needs to be built on a solid, level surface. A concrete or patio surface, or a treated-wood platform is recommended.

### **BEFORE YOU BEGIN – LOCATION**

When choosing a location in your yard make sure you choose an area with easy access and one that provides proper drainage for water to run away from the shed location.

### **BEFORE YOU BEGIN – PREASSEMBLY**

Thoroughly review all assembly steps (it is important that the steps are followed in the correct order). Review the parts list and make sure that no parts are missing.
