Re: Depression in Swale

Dear Mr. Wellman,

Ms. Dorothy Smith, 945 Kenilworth Avenue, contacted my office regarding a depression in the swale behind her house. Upon visiting the residence, I discovered that the swale was on the railroad's property. It appears to me that one (1) or two (2) cubic yards of topsoil, along with some seeding and mulching, could rectify this problem.

Ms. Smith cares for this area by mowing the grass and picking up trash that collects in the swale. Anything you could do to assist her would be greatly appreciated. Attached are drawings defining her location in relationship to the railroad. If you have any questions or require additional information, please contact me at 419-592-4010.

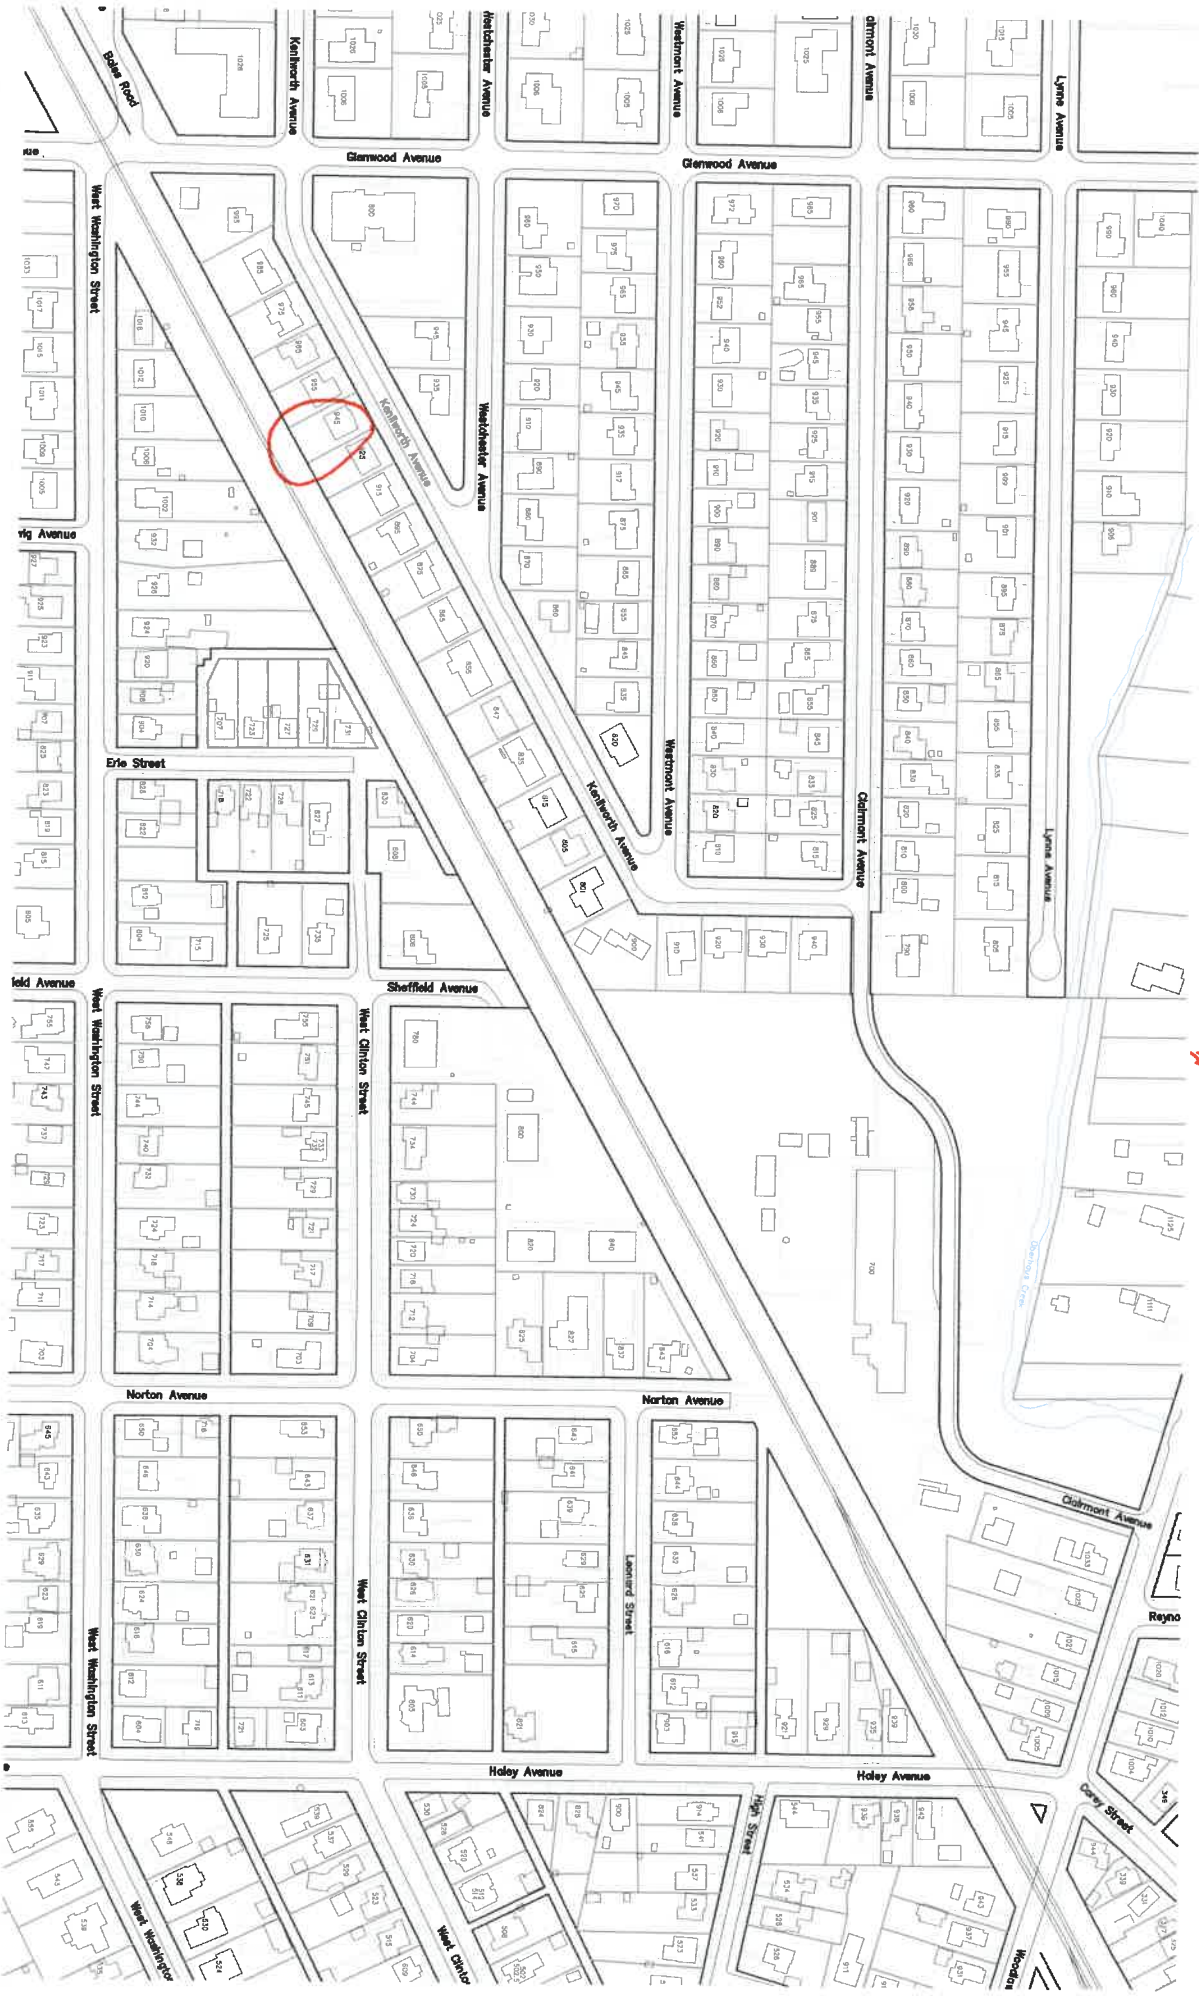

Yours truly,

Chad E. Lulfs, P.E., P.S.

Regarding behind her house there is water laying all the time and no other house has that. It is between the railroad and her property line but she mows it and keeps it up but can't figure out why she is the only house that has water lying in the back yard.
