Re: Driveway Approach for  
643 Leonard Street

City Manager  
Marc S. Gerken

Dear Mr. & Mrs. Boyer:

Per our telephone conversation of November 10, 1995 we have revised the proposed driveway approach for your property located at the southeast corner of the intersection of Norton and Leonard Streets. A sketch showing the proposed modifications, in red, is attached. This change will not require the removal of the thirty-six inch (36") diameter maple located just north of the driveway.

Finance Director  
Gregory J. Heath

If you should have any questions, please call me.

Law Director  
David M. Grahn

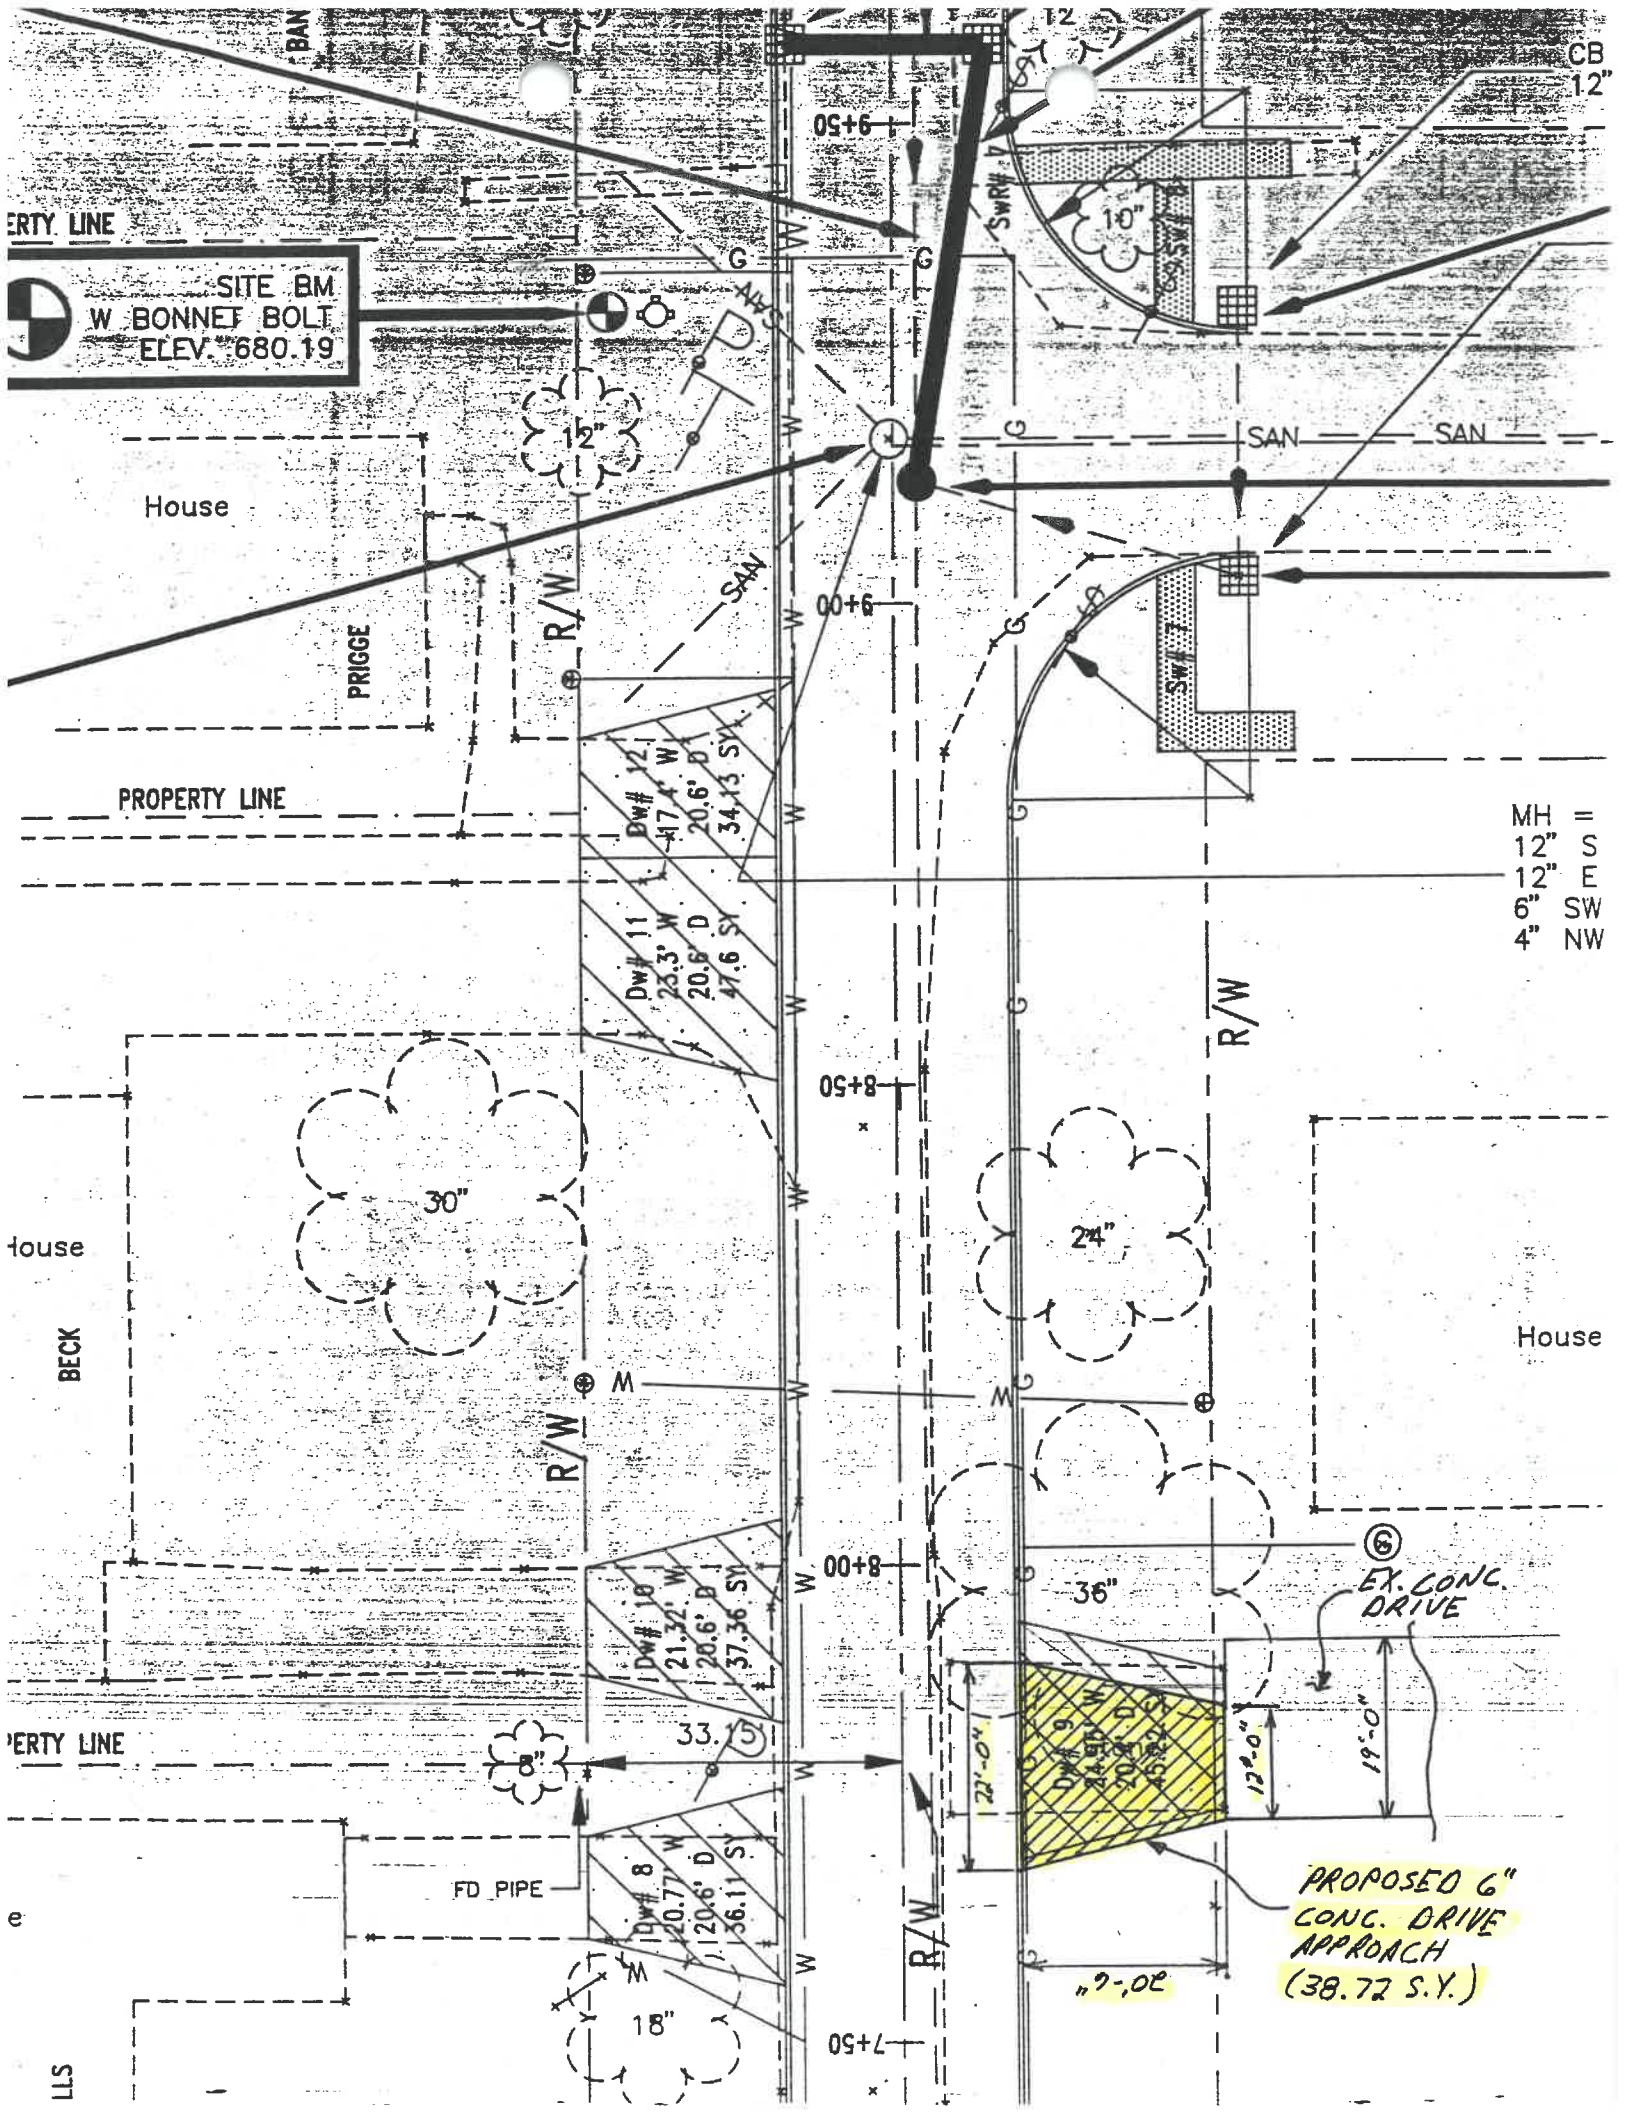

Yours truly,

City Engineer  
Adam C. Hoff, P.E.
