Dear Mrs. Huber:

On the 29th of March, the City received a complaint about your compost pile at the rear corner of your property. Upon inspection I found raw garbage laying on top of the pile that was made up of mostly leaves.

Under the City Nuisance Ordinance 1705, the placing, throwing or leaving of any raw garbage, parings or skins of vegetables or fruits is prohibited and considered a nuisance for the propogation and retraction of vermin or insects.

Composting is not prohibited within the community as long as the garbage is not left raw on top or sides of the pile.

Composting has to be by layering the garbage, earth and lime. When raw garbage is placed on the pile, it shall be covered with earth and lime.

Your cooperation is appreciated.

Yours truly,

Richard G. Hayman  
Building Commissioner
