

1/10/85

Richard H-

Tom ^Del Greco closed his car-reconditioning shop at 909 1/2 N. Perry St. on 11/05/84. We believe he now works on cars at his home at 153 East Maumee because the electricity at his residence has increased considerably - see attached copy of meter readings and monthly usages. * Is he operating a business at his residence on a residential rate? Can you check this out for the Utility Billing Department? Thanks.

Attn: Richard Hayman

Dear Mr. Hayman,

I am writing this letter in response to your inquiry about my business at my residential address.

I am self-employed. I clean cars in my garage for various car dealers in town; i.e. Patton Pontiac, Christopher Chrysler and Autoville Inc.

The duties I perform include interior sweeping and shampooing, cleaning windows, ashtray and headliners.

Exterior cleaning includes a rub with compound and buffer, sealing paint with sealant, cleaning chrome, tires, engine compartments, and a wash and wax per car. I pick up and deliver the cars personally.

If additional information is necessary please contact me.

Sincerely,

Thomas Del Greco
