SUBJECT: NAPOLEON MOTOR INN
MINI-KITCHEN INSTALLATIONS

Gentlemen:

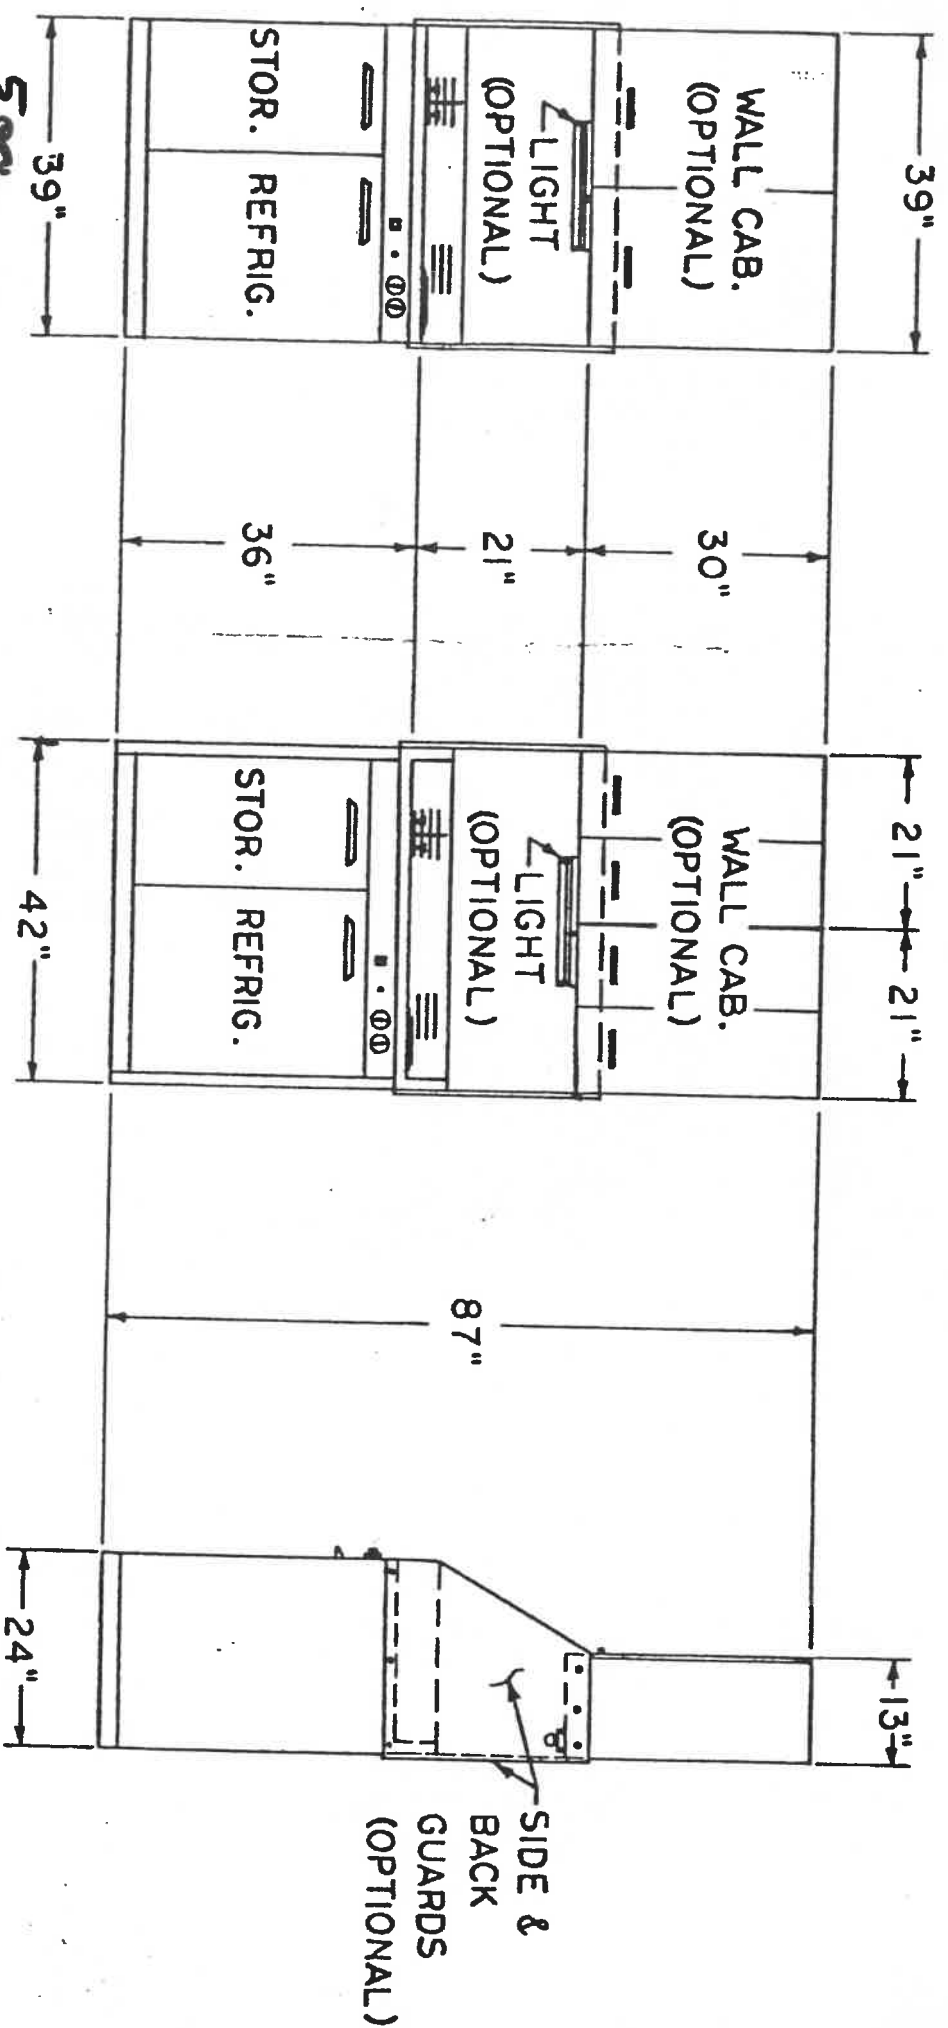

After review of the sketches submitted for installation of the compact kitchen units for the individual rooms in subject Motor Inn, it is our opinion that the units will not have to be vented. The decision for not venting is based upon the units being electrical and the use being Residential Buildings, Transient as defined under Chapter 4101:2-55 of the Ohio Administrative Code.

Very truly yours,

Robert C. Jones, P.E.
