Re: 184 E. Maumee Avenue
Sewer Relocation Notice

Dear Mr. Carpenter,

Last year the City of Napoleon replaced the deteriorated sanitary main along the river with a new sanitary main along E. Maumee Avenue. Sanitary leads were installed to the right-of-way line for each property when the main was installed. Because of the deterioration of the existing main, property owners are required to tie into the new sanitary services that have been provided. All expenses to make this tie in are the responsibility of the property owner.

This letter shall serve as notice that you have ninety (90) days from the date listed above to address this situation. If actions are not taken by such time, water service to the property shall be terminated. Please contact our office for all appropriate permits and to schedule inspections. If you have any questions or require additional information, please contact me at your convenience.

Yours truly,

Chad E. Lulfs, P.E., P.S.
