Owner(s) also acknowledges that he or she was orally informed of his or her right to cancel this transaction.

Owner: Bryan Mehlon SALES PERSON: Lewis Okwore LOCATION: Hanson's Windows of Toledo, LLC Extension: 7208

JUST THE FACTS

- 1. First of all... No verbal agreements are recognized. Everything must be in writing on the contract.
2. Condominiums... Customers are responsible for obtaining their own condo approvals.
3. Contact info... We require at least 2 telephone numbers and an email address from every customer.
4. Project Manager... You will be assigned your own project manager.
5. Installation start time is approximately 6 to 12 weeks after approval.
6. We cannot hold or guarantee any installation dates.
7. If you MUST have a Saturday, your projected time of installation may be longer than what is written on the contract.
8. Length of installation - Average time for a roofing installation is 2 - 5 days.
9. A responsible adult 18 years or older must be at the installation site at the beginning and the end of the job.
10. Installation Team... We only use Hanson's-authorized contractors.
11. Power... Installers will need to use your electricity.
12. Children and pets... Please provide a safe location away from the area during the installation process.
13. Financing... If you are financing your balance, Hanson's finance department will notify you when your loan is approved.
14. Landscaping... When your installation is in process, there is debris.
15. Roof / Siding / Gutters: Dumpster... Under no circumstances do we leave debris on your property.
16. Roof installation... If your roof is leaking, we will prioritize it to the best of our ability.
17. Shingles are delivered to your roof top.
18. Gutters... Will not have extensions unless on the work order.
19. Windows / Doors: Wood... We do not replace the wood framing or stops around your windows.
20. Construction concerns... We do not do any painting or wood staining.
21. Grids... If you ordered grids on your windows, the patterns will be the same as what you have existing unless otherwise specified.
22. Unless otherwise specified... half screens are standard on our windows.
23. Window treatments... We ask that you remove all of your window treatments prior to our installation.
24. Replacement windows do not have nailing fins.
25. Doorwalls come in stock sizes unless otherwise specified on your work order.
26. Window A/C units... We do not guarantee that the A/C units will fit in the replacement windows.
27. Alarm contacts... will not be reconnected.
28. ALL CONTRACTS: I understand the details of my pre-install checklist and I have received a copy.
29. LEAD SAFE PAINT PRACTICES: I/we hereby acknowledge receipt of a copy of the pamphlet, "Renovate Right: Important Lead Hazard Information for Families, Child Care Providers and Schools".

Roof / Siding / Gutters:

Dumpster... Under no circumstances do we leave debris on your property. We remove everything for safety reasons. Please don't ask our sales reps or installers if you can keep the scrap. Dumpsters are not for customer use.

Roof installation... If your roof is leaking, we will prioritize it to the best of our ability. We will be doing a lot of banging up there, so you should expect debris in your attic. Make sure your valuables are protected with tarps. We will remove and reinstall your satellite dishes but we can't see the satellite so you will have to call your provider to have it lined up. Please cover all A/C units prior to installation.

Shingles are delivered to your roof top. There are a lot of bundles and it is very difficult to carry them up a ladder. You will be asked to sign a waiver so that the delivery truck can pull into your driveway. A dumpster will be delivered early in the morning on the day of your scheduled installation. It will also be in your driveway. Please make sure that your vehicles are out of the way and accessible to you. We don't like to trap our customers in their own garage, they get mad. Generally, the dumpster is picked up 24 to 48 hours after completion.

Gutters... Will not have extensions unless on the work order, they are an additional charge. Per code, most cities do not allow downspouts to go into cracks. Gutter installers will determine the most efficient downspout placement. They will be happy to work with you if you have any special requests. Gutter protection products can increase the formation of icicles. This is a normal occurrence.

Windows / Doors:

Wood... We do not replace the wood framing or stops around your windows. We reuse your existing ones. It's better for the environment. These items are available for purchase if you would like to add them to your work order.

Construction concerns... We do not do any painting or wood staining. Sometimes, plaster may crack during construction. We will repair with first coat of mud and sand smooth. You may have to do some touch up painting and light sanding after we finish.

Grids... If you ordered grids on your windows, the patterns will be the same as what you have existing unless otherwise specified on your work order. Please make sure this is the pattern you want.

Unless otherwise specified... half screens are standard on our windows. Full screens are available as an option but not necessary.

Window treatments... We ask that you remove all of your window treatments prior to our installation. All windows that are being replaced will need at least 3 feet of clearance inside for our installers to move. We do not take down or reinstall any blinds or draperies. Most blinds will fit after the new windows are installed, but this is not guaranteed.

Replacement windows do not have nailing fins. They fit inside your existing frame. Frames may be larger and sometimes require stops. Also, on all installations, we need to allow adequate space for insulation, as all windows must be insulated. Windows are installed from the outside, but the installers do need to have access to the inside of your home.

Doorwalls come in stock sizes unless otherwise specified on your work order. Openings often need to be slightly altered to accommodate the size of the doorwall that you ordered. 5 foot, 6 foot, and 8 foot doorwalls come in 2 sections. 9 foot and 12 foot doorwalls are 3 sections and open in the center. If a special order doorwall is necessary, there will be an upcharge.

Window A/C units... We do not guarantee that the A/C units will fit in the replacement windows.

Alarm contacts... will not be reconnected. We will leave the wires exposed and your alarm company will need to come out and reconnect them, as you must be a licensed alarm company to work on alarms.

ALL CONTRACTS

I understand the details of my pre-install checklist and I have received a copy. Please start my order immediately. If I do not answer your call within 24 hours please feel free to call my manager at extension #1111

LEAD SAFE PAINT PRACTICES

I/we hereby acknowledge receipt of a copy of the pamphlet, "Renovate Right: Important Lead Hazard Information for Families, Child Care Providers and Schools", informing me/us of the potential risk of lead hazard exposure from renovation activity to be performed in my/our home. I/we received this pamphlet before the work began.

Customer elects reduced warranty option for a term of N/A years.
