

9/14

The City of Napoleon recently worked on or near my property. I am requesting that the City of Napoleon and its contractors DO NOT seed my lawn or the right-of-way in front of my property. I understand that I will be required to seed these areas myself and understand that all warranties associated with the work done by the City of Napoleon and its contractors relative to seeding, mulching, and fertilizer shall be void. I also understand that I/we will be responsible to insure that these areas are seeded in a timely manner.
