Dear Mr. Woods:

Your letter of August 18, 1978 to Mr. Schweinhagen was referred to the City Manager, Mr. Tandy.

It was the City Manager's opinion that our letter of August 16, 1978 requesting that the air conditioning unit be moved, was a proper request based on the City Code. It was also his opinion that removing the unit from City property would be consistent with recent policy decisions, regarding use of City property, made by the Council.

City Manager

Alan E. Tandy

Law Director

Keith Muehlfeld

Please, therefore, have your contractor secure the necessary permits, relocate the air conditioning unit and reinstall the unit within the Code regulations.

Your cooperation in having the work completed by October 10, 1978 will be appreciated.

Sincerely,

Robert E. Johnson
Dept. of Building & Zoning

MESSAGE

We have received a letter from Robert E. Johnson requesting that we move our air conditioning unit. Due to that the fact that we know of no other convenient location, is there some other way to handle this problem? It is our feeling that it is not causing any obstruction to anyone and, if you agree; maybe there is another way of handling other than moving the unit. I don't feel like striking out today!
