Re: Sewer tap renewal.

Dear Mrs. Knuth:

**City Manager**

Richard A. Hayward

**Clerk-Treasurer**

Rupert W. Schweinhagen

**Law Director**

Keith P. Muehlfeld

Enclosed find 1 - copy of the application for permit to tap sewer as completed by Bill Elling. The \$60.00 inspection fee is due and may be paid by either yourself or your Contractor. Mr. Elling indicated that the job was done on a T & M basis and that it would be simpler if you paid it directly since he has already billed you.

Sincerely,

Eldon Huber  
Building Inspector

Napoleon, Ohio 43545

Re: Sewer tap renewal @ 1212 Ohio

Dear Mr. Junge:

It has come to my attention that you recently replaced an existing sewer tap at the above referenced location.

After checking my files, I note that you are not registered with the City of Napoleon as a contractor. This is a violation of Section 150.05 of the Napoleon Building Code.

Complete and return the enclosed contractors registration card, to comply with this section.

In addition you should have made application for and called for inspection of your sewer tap renewal. As a result of your not doing so the City Engineer has no way of verifying the materials & methods used.

Complete the enclosed application for a sewer tap and notify the City Engineer's office at 592-4010 after you have exposed the pipe and the connection for their inspection.

Note: Fernco connections will be required where new pipe connects to old.

If you have any questions, you can contact either myself, or Mr. Helberg from the City Engineer's office.

Sincerely,

*Eldon Huber*
