Backyard and sidewalks are  
always underwater when it rains.

They wanted to know if city of Nap.  
would do anything for them?

If not, they would like to know  
what they can do to correct this  
standing water problem, If city of  
Nap. has any suggestions.

Stopped and talked  
to residents on 2-12-09  
@ 12:45 p.m.

Thank you,  
Rex Moll
