Todd Slight 270 Orchard Lane Napoleon, OH 43545

Re:

Down Spouts

Dear Mr. Slight,

It has come to our attention that you recently directed your downspouts through the City of Napoleon's right-of-way and into the street. This is not allowed. All downspouts must be directed across a grassed area prior to reaching a hard surface. In general, a minimum of five (5) feet of grassed area is required. However, private lines are not allowed to be placed in public right-of-way without a permit.

Please remove the portion of this line that is presently located within the City of Napoleon's right-of-way. The City of Napoleon's Engineering Department must be contacted prior to working in the right-of-way. If you have any questions or require additional information, please contact our office

Yours truly,

cc:

Chad E. Lulfs, P.E., P.S. City of Napoleon Engineer
