

Memorandum

To: Evelyn Long
From: Brent N Damman, Zoning Administrator *BTD*
Date: Thursday, October 12, 2000
Subject: Helen Heckler home 7 Park Crt.

Upon review of the of subject fire damaged home, I have concluded based on City Code Chapter 1129 the home may be reconstructed. However, re-construct ion is subject to compliance with current City Zoning and Building Codes. What this essentially means is that all structural, electrical, mechanical and plumbing systems must be brought up to current building code standards. Also a building permit and a zoning permit must be issued prior to any improvements being made.

If you would have questions, please call me at (419) 592-4010.
