Re: Hersh's Styling Salon - 509 N. Perry St.
Bldg. Permit No. 63-74

Dear Mr. Schlade:

In regards to our meeting on October 5, 1976 -

It is obvious there has been a breakdown in communication as to what is the procedures and requirements of this department. Due to that fact I will try to clarify the City of Napoleon's position.

Mr. Howes (Electrical Inspector) and my field report sent to you on September 17, 1976, stated items that are in conflict with the Ohio Building Code at 509 North Perry Street. Compliance time stated on both reports was "prior to occupancy and use". Prior to issuing the required "Certificate of Occupancy" a final re-inspection must be conducted by Mr. Howes and myself. You must inform the Building Department when said mentioned structure is ready for final re-inspection.

On September 24, 1976, the matter concerning toilet facility requirements was brought to the attention of Mr. Robert Jones, the Chief Enforcement Official of this department. It was taken into consideration that Mr. Hersh wanted to open for business as soon as possible. The decision was that not less than two (2) separate toilet facilities is required by code at said mentioned structure and compliance time is on or before November 24, 1976.

As I already explained during our meeting, if it is necessary to occupy prior to compliance to this one

Mr. David A. Schlade
October 6, 1976
Page 2

item only, it would be possible by the issuance of a "Temporary Certificate of Occupancy", upon completing final re-inspection of the other items mentioned on said reports.

If you have any further questions please feel free to contact me at the City Building or phone 592-4010.

Very truly yours,

Thomas W. Terranova
Building Commissioner
