In response to your telephone call of May 11th, a new grease trap is required per my prior facsimiles to John Rosebrock of April 15, June 26, August 9 and September 3, 1999. Further, Terry Martell provided my office with a sketch for the addition of a new grease interceptor on the site (a copy follows this fax). Therefore, a new grease trap shall be provided.

If you have any questions or require additional information, please call me at (419) 592-4010. Thank you.
