Re. Low land filling @ 1020 Reynolds St.

Dear Mr. Putteet

This letter is to grant you permission to fill a certain portion of your property within the limits of the enclosed map. You will note on the attached map the closest fill point from the top of the creek bank is 15 feet, this 15 foot strip must be kept as grass to help reduce erosion. It is will also be important to level completed fill areas as soon as possible so they may be seeded to reduce weeds and nuisance issues.
