Re. Parking within right of way at 321 E. Riverview.

Dear Mr. Moden

City Manager
Marc S. Gerken, P.E.

The City has received complaints regarding the blocking of view caused by your vehicles along E. Riverview Ave. when viewing west at the intersection of Stout St. and E. Riverview. Please be advised you must maintain a clear site distance at all intersection for the safety of vehicular traffic. This is not the first time I have advised you of this problem and based on your history on this subject it probably won't be the last. If you continue to utilize City right of way in this manner, we will force you to install parking blocks to prevent this from occurring in the future.

Finance Director
Gregory J. Heath

Law Director
David M. Grahn

If you need assistance in determining where vehicles may be parked in order to maintain a clear site distance up E. Riverview Ave, please call me.

City Engineer
Adam C. Hoff, P.E.

Sincerely

Brent N. Damman
Zoning Administrator

cc. George Schmidt, Chief of Police
Adam C. Hoff, P.E., City Engineer
