**Law Director**  
David M. Grahm

**City Engineer**  
Chad E. Lulfs, P.E., P.S.

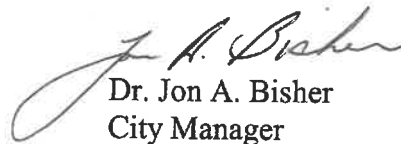

Dear Marv:

This letter is a follow-up to work the City of Napoleon has performed in front of your property at 1025 Woodlawn Avenue. As you are fully aware, we have worked with you to hopefully better understand the sanitary sewer and storm water connections to this property. To assure you that no City water will backup into your basement, we have sealed the abandoned combined sewer in front of the house between the abandoned combined sewer and your lateral that runs to your basement drains. This action assures you that the City is not shedding water back into your property through those drains.

Unfortunately, alternate drainage that is available for storm water, now must be connected by you to assure proper drainage.

Sorry for the length of time the resolution of this issue has taken. If you have additional questions, please call.

Sincerely,

  
Dr. Jon A. Bisher  
City Manager
