Re: Change of Address

Dear Mr. Tandy:

My wife and I recently purchased a home located at 860 West Riverview Avenue. This house occupies a lot and the East half of a vacated street. The residence to the West has an address of 904 and the residence to the East has an address of 858. We would respectfully request the city's permission to change the street address for this residence to 900 W. Riverview Avenue. This change would not affect the consecutive house numbering. Please advise if you require additional information for your consideration of this request.

Respectfully submitted,

  
Eugene C. Gerken, P.E.
