Re: Wood Deck

Dear Mr. Scheaster:

I noted from my inspection on Monday, September 11, 1989, that you have constructed a wood deck on the rear of your house. From the condition of the wood, I estimate that the work was done this summer, certainly within the past year. My files show that their has been no permit issued for this project.

This letter shall inform you that you are in violation of both the Napoleon Building and Zoning Codes for not having obtained a permit for this work.

I have enclosed the appropriate application for your use. In addition, you will need to furnish the following drawings: site plan, floor plan, and a section.

If you have any question regarding this matter, you can contact me at the City Building at 592-4010.

Thank you for your cooperation,

Eldon Huber

Building Inspector
