Re: Garbage and Other Assorted
Items Received via U.S. Mail

City Manager
Marc S. Gerken, P.E.

Terry:

I received a package in the mail last week and fearing that it might be a "letter bomb", it was promptly turned over to the CIA, FBI, X-Ray Specialists and Napoleon Police Department for analysis. Fortunately, it turned out to be just "air mail" delivered advertisements.

Finance Director
Gregory J. Heath

Upon discovering the real contents, I then turned the package over to Brent Damman, our Building and Zoning Administrator for further consideration. As of this date, the matter is in his capable hands.

Law Director
David M. Grahm

Yes, and I apologize, I did receive the pictures! I have been meaning to stop by and thank you in person however, I find I'm two weeks behind on getting my boat prepared for launching. First things first!

City Engineer
Adam C. Hoff, P.E.

Thanks,

Donald M. Stange
The Most Honorable Mayor of this fine City!
