RE: Sanitary Sewer Lateral Connection
2611 N Scott St.
Napoleon, OH

Dear Mr. Meyers:

Within the past few weeks the City of Napoleon completed the construction of a new six (6) inch sanitary sewer line along the west right of way of North Scott St.

By definition the City of Napoleon is required to provide sanitary service to all of its customers. Presently your household discharges into a septic system and/or you have no sanitary facilities. Now that the new sewer is in service the City is required to notify you in writing that you have ninety (90) days to connect into the new sanitary service.

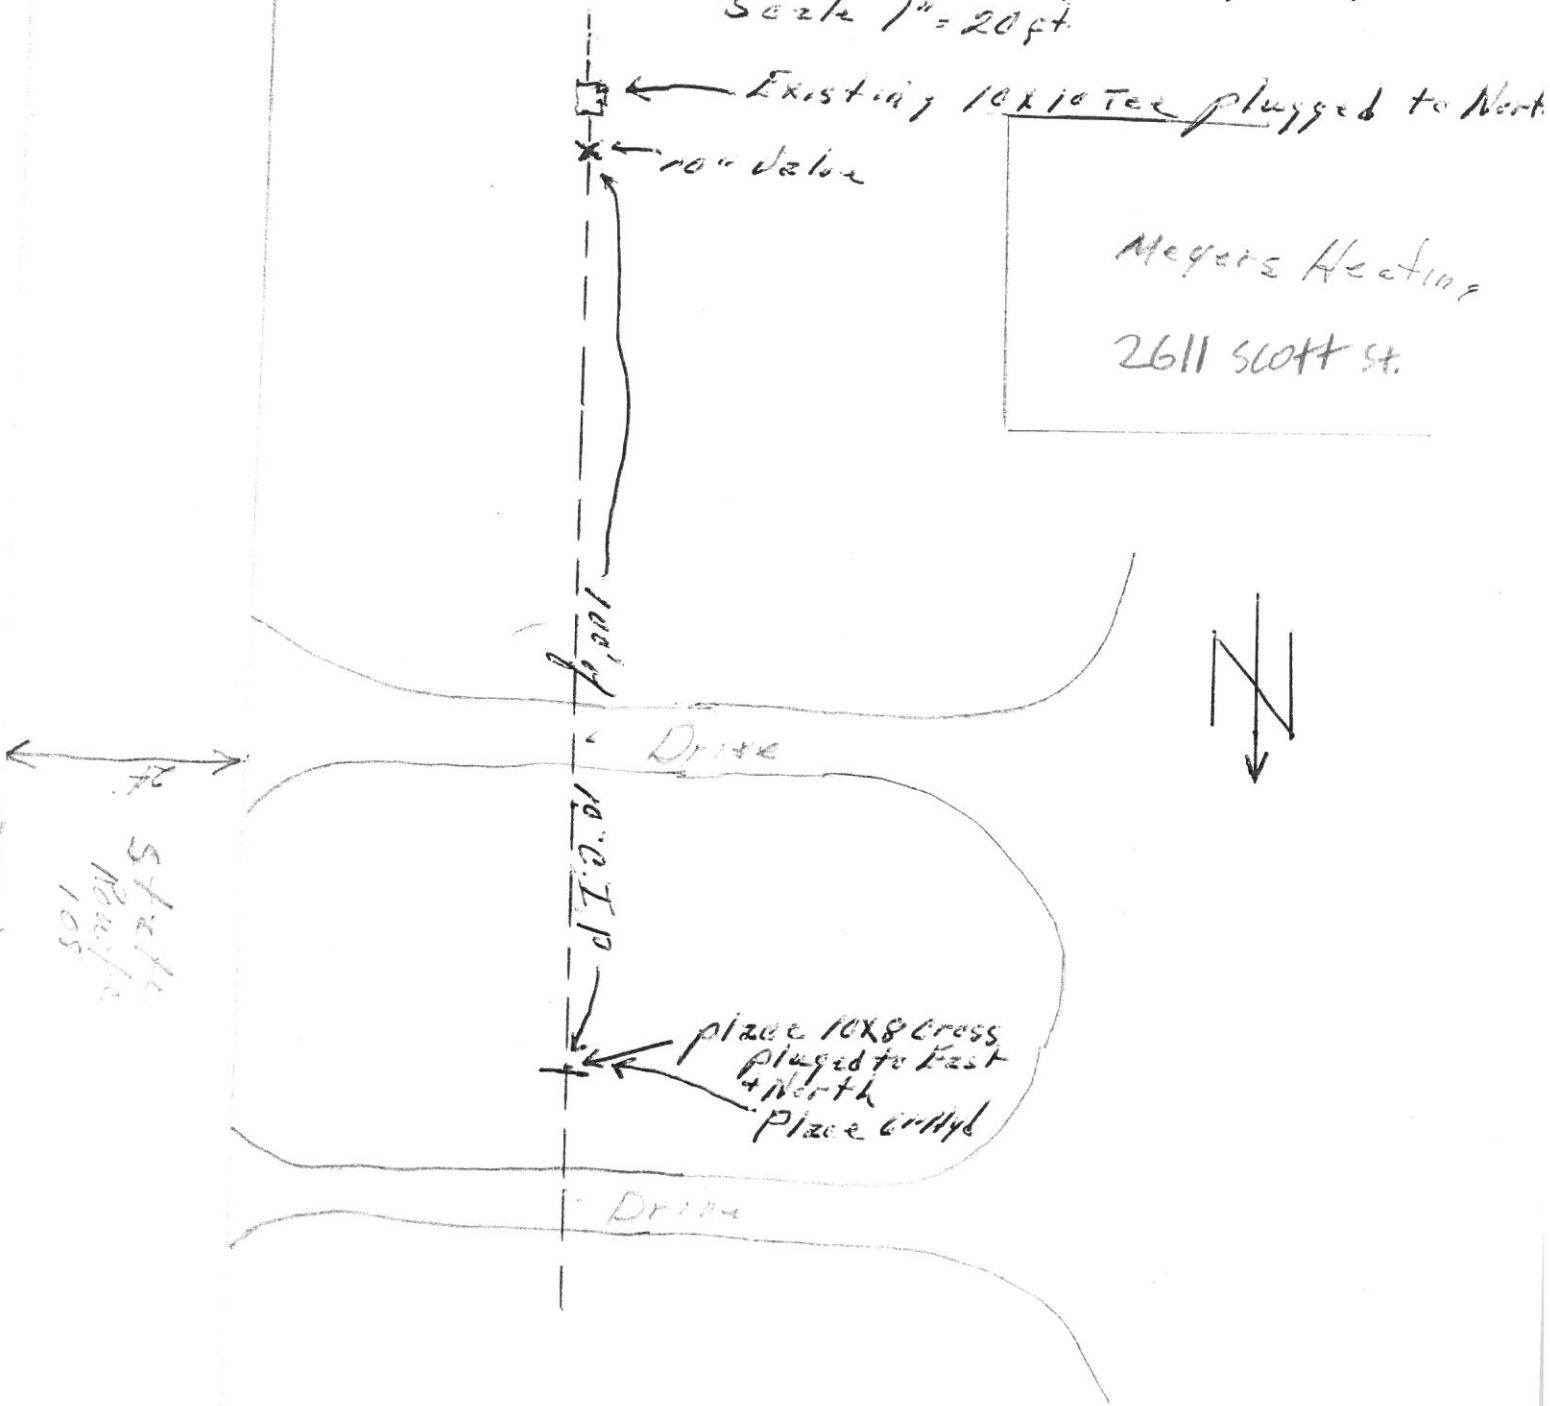

A permit will be required to make the final connection and abandonment of your current septic. The City has already provided you with a clean-out connection located at the City right of way.

Should there be any additional questions please give me a call at (419)592-4010.

Sincerely,

Joseph R. Kleiner, P.E.
City Engineer

Proposed 10" Extension Meyer Property to North
Scale 1" = 20ft

Material needed

- 1- 8x6 PE Red
- 1- Anchor Comp
- 1- 8" Duct Ret. Glznd
- 7- 6" " " " "
