Dear Mr. Rickenberg,

Recently the City of Napoleon hired a tree survey group, Davey Resource Group, from Kent, Ohio. In this survey it shows us which trees need to be removed, trimmed or if they have a disease. Since the survey has been done, the tree at your residence does not show any sign of being a problem. Therefore, at this time we will not remove or trim your tree until it shows signs that it indeed needs to have something done.

You do have the option to have this tree removed by a Certified Tree Remover at your own expense. You must also replant a new tree, which will be at your expense too. If you remove and replant the tree, you will need the approval of the Tree Commission and City Manager. They can be contacted at 419-592-4010.
