Trail Drive is 50' R/W  
 There is a 15' Utility Easement on that side  
 The Zoning District is "PB"  
 Signs can be ~~replaced~~ at 20' from the R/W line  
 an existing sign can be replaced with a new one as long as it's not expanded  
 Trail Drive is private - and is not a City Street  
 IF it was a city street, a variance would be required to expand the use to include the  
 new sign  
 I think the Owner, Beck should be made aware of this  
 A sign Permit should be gotten for the sign  
 I called Bob Beck and he said issues the permit with the condition that the sign  
 may need to be moved back if the street is given to the City

\* MOUNTING LOCATION FOR ADDITION (4' x 8')

The above work will not be done - the agreement or business never came about

FROM CURB TO SIGN 14'
