You are hereby advised that The Napoleon Zoning Ordinance, Article II, Section 85.24, Sub-section (g), Item (1.) prohibits the use of any required yard for storage of motor vehicles.

Law Director

Keith Muehlfeld

The required yards in your case would be anywhere in front of your house and within five feet (5') of your side property lines.

We respectfully request that you have the backhoe removed from your property or that you store it on your property in a manner allowed by law.

Another inspection of the premises will be made on October 16, 1978. Your cooperation in this matter will be appreciated.

If you have any questions, please call.

Sincerely,
