Re: 1320 Woodlawn Avenue  
Sanitary Sewer Connection

Dear Mr. & Mrs. Benecke,

A letter dated July 7, 2008 was sent to you regarding the illegal sanitary sewer connection located at 1320 Woodlawn Avenue. The existing sanitary sewer tap empties into the existing storm sewer located on Woodlawn Avenue. The letter that was sent to you in July allowed for the existing sewer connection to be relocated to the sanitary sewer within ninety (90) days from the date of that letter. That work has yet to be completed.

Please forward a schedule to the City of Napoleon's Engineering Department outlining when this work will be completed. If the work is not completed immediately, legal action will be taken by the City of Napoleon to insure that the proper corrective measures are completed.

The City of Napoleon requires that all sanitary sewer connections be inspected by the City of Napoleon's Engineering Department. Also, permits will be required to allow you to tie into the sanitary sewer. Please contact the City of Napoleon's Engineering Department to obtain the proper permits and inspections. If you have any questions or require any additional information, please contact our office at your convenience.

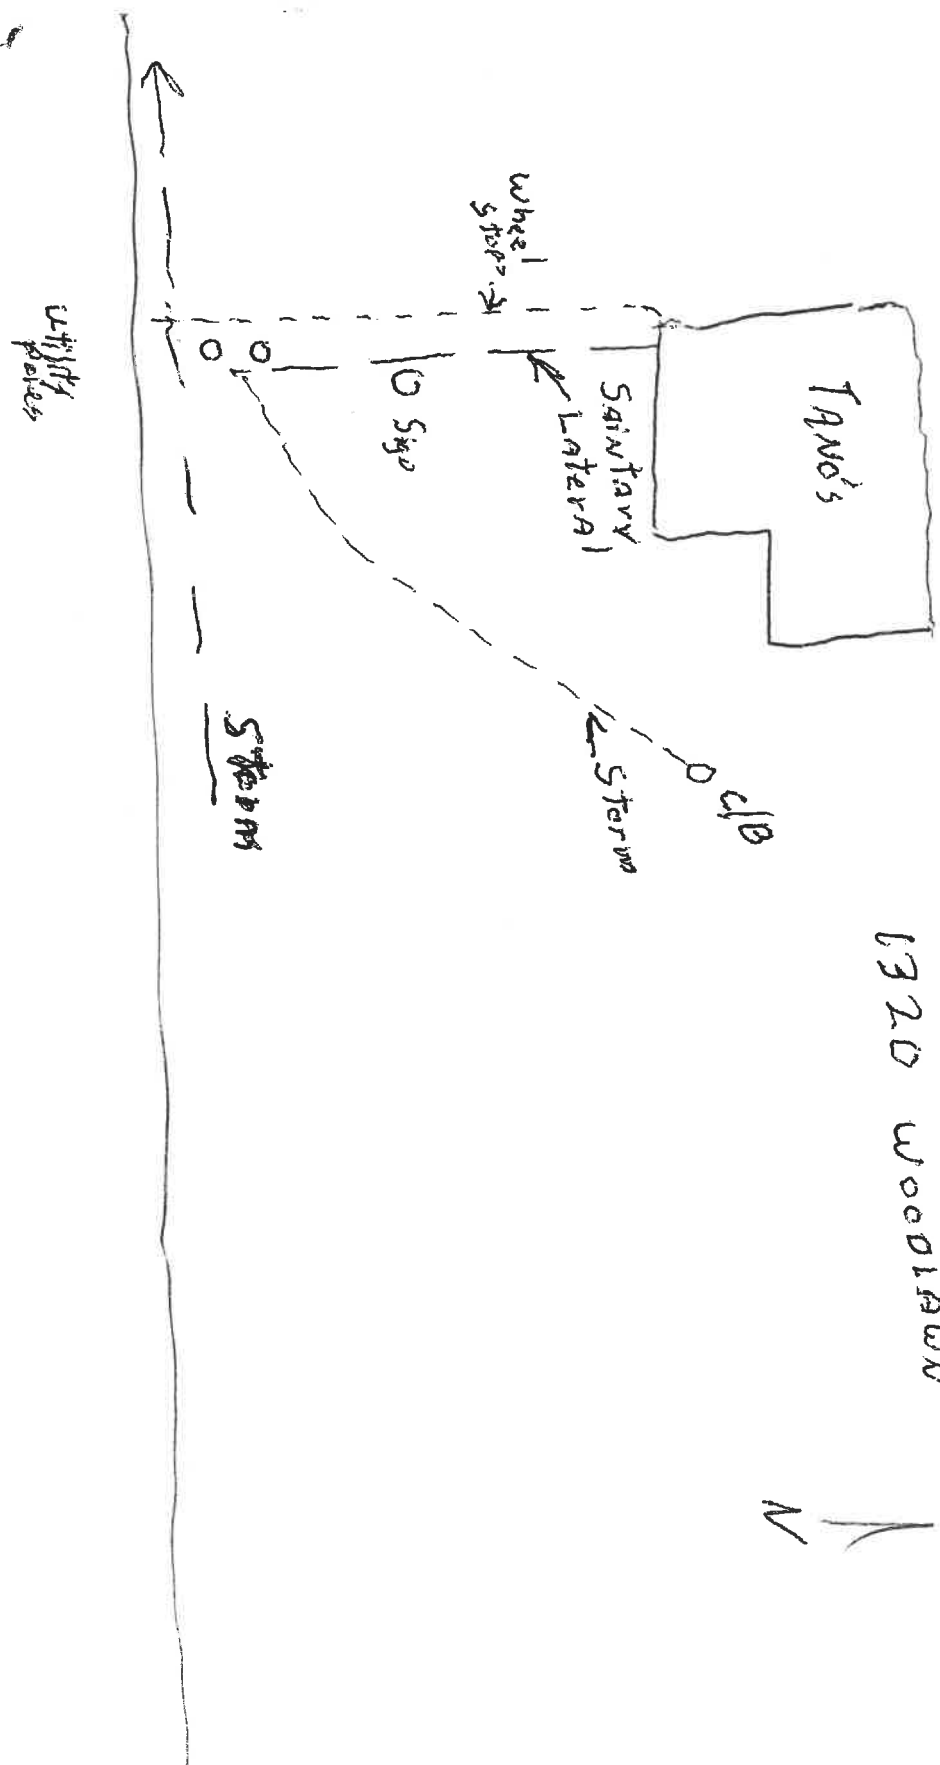

Yours truly,

Chad E. Lulfs, P.E., P.S.  
City of Napoleon Engineer
