RE: Sanitary sewer connection at 713 and 715 Huddle Road, Napoleon

Dear Mr. Luzny:

As per our telephone conversation on November 4, 1998, I informed you that since a sanitary sewer was installed at the front of your property, connection of these properties is now possible. As these homes are in excess of 200 feet from the sanitary sewer, connection is not required at this time. If in the future the existing sewage systems create a nuisance condition, orders would then be issued for you to connect to the sanitary sewer or install new on lot sewage disposal systems.

A meeting will take place at 4:00 pm on November 12, 1998 at the office of the Henry County Health Department. This meeting is to answer questions you might have concerning the sewer connection. Representatives will attend this meeting from the City of Napoleon and the Henry County Health Department.

If you have any questions regarding this matter please contact me at 599-5545.

Sincerely,

Jon Lindsay, R.S.
Director of Environmental Health
