RE: Sanitary sewer connection at 815 Huddle Road, Napoleon

Dear Mr. Pohlman:

It has been brought to the attention of the Henry County Health Department that the above property has not been connected to the sanitary sewer that is available for connection and service. Record searches at the Henry County Auditors office indicate that you are the owner of this property.

This letter is to inform you of the need for you to arrange to connect to the sanitary sewer. The existing sewage system serving this property must be properly abandoned and the connection to the sanitary sewer system must be completed by February 12, 1999. Section 3701-29-02 L and M of the Ohio Administrative Code states:

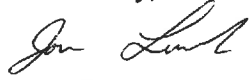

"No household sewage disposal system shall be installed, maintained, or operated on property accessible to a sanitary sewerage system. Whenever a sanitary sewerage system becomes accessible to the property, a household sewage disposal system shall be abandoned and the house sewer directly connected to the sewerage system."

Please be advised that the Ohio Administrative Code Section 3701-29-02 L and M has been tested in court and has been upheld by the Ohio Supreme Court. The current function of the existing sewage system was not a determining factor in the Court's decision.

A meeting will take place at 4:00 pm on November 12, 1998 at the office of the Henry County Health Department. This meeting is to answer questions you might have concerning the sewer connection. Representatives will attend this meeting from the City of Napoleon and the Henry County Health Department.

If you have any questions regarding this matter please contact me at 599-5545.

Sincerely,

Jon Lindsay, R.S.
Director of Environmental Health
