Timothy Dolan
215 Northcrest Dr
NapoleonOH43545

City Manager
Dr. Jon A. Bisher

This is FORMAL NOTICE that on July 18, 2005, the Council of the City of Napoleon, Ohio passed Resolution No. 069-05, declaring the necessity of constructing certain sidewalks.

Finance Director
Gregory J. Heath

Under the Resolution you are required to construct the sidewalks abutting your property, 215 Northcrest Dr. in accordance with the plans and specifications filed in the office of the Clerk of Council of the City of Napoleon, Ohio.

Law Director
David M. Grahn

In the event construction is not completed within 30 days from the date of service of this notice, the Council of Napoleon, Ohio will cause it to be done and the entire cost assessed against your property as provided by law.

City Engineer
Joseph R. Kleiner, P.E.

If you are intending to complete the project yourself or by an independent contractor, a permit is required from the Engineering Department pursuant to Sec. 913.04 of the Codified Ordinances of the City of Napoleon, Ohio. Specifications and minimum building requirements may be obtained from the Office of the City Engineer. The City Engineer can be contacted at (419)592-4010, or in person at City Hall located at 255 West Riverview, Napoleon, Ohio.

Issued by order of the Council of the City of Napoleon, Ohio.

Gregory J. Heath, Finance Director

CITY OF NAPOLEON

RESIDENTIAL SIDEWALK SPECIFICATION

I. WORK INCLUDED:

- A. Under this item the Contractor shall improve by construction, reconstruction or repairing as is necessary public sidewalks between limits established by the Engineer.
- B. Sidewalks shall be at least four (4") inches in thickness and in driveway crossings six (6") inches in thickness. When sidewalks abutt with the curb, the width shall be five (5') feet or as wide as the existing sidewalks; in either case, a minimum width of four (4') feet shall be adhered to. Edge of walks adjacent to the property line of the street shall be placed at least one (1') foot from the property line or meet existing sidewalks. The Engineering Department will give line and grade.
- C. Old concrete sidewalk material shall be removed and granular material used for fill if necessary to meet grade.
- D. All work shall conform to the standard specifications published by the Ohio Department of Transportation (O.D.O.T.) and the City, in effect at the date of contract and the requirements under these specifications.
 1. Referenced O.D.O.T. specifications as follows:
 - 608. concrete walks
 - 499. concrete
 - 511.12 depositing and curing concrete in cold weather

II. MATERIALS AND FINISH:

- A. A minimum 4" thick of crushed limestone base shall be provided and compacted in place. #57, #411, or #304 limestone to be used.
- B. The concrete mix shall be a minimum of a 6' bag mix with 5 to 6% air entrainment. All surface area shall be broom finished and sealed with an Engineer approved concrete sealer. All joints shall be trowel-cut with a maximum joint spacing of 5 feet. The depth of cut shall be a minimum $\frac{1}{2}$ of the thickness of the slab. The final trowel-cut and edging shall be done after the final brooming. Expansion joints shall be placed at a maximum of 40 feet and at all intersecting walks.
