Introduction of Ordinance No. 051-19

Council President Bialorucki read by title, Ordinance No. 051-19, an Ordinance Approving an ODOT Resurfacing Project from the Corporation Line of Holgate to **ODOT Resurfacing Project** the Maumee River Bridge in Napoleon, Ohio; and Declaring an Emergency.

Motion to Approve

First Read

Motion: Haase Second: Mires

to approve First Read of Ordinance No. 051-19.

Discussion Mazur reported when ODOT does work inside the city limits they require

legislation that allows them to be in our jurisdiction and do the work, this will allow ODOT to work from the City corporation limits to the St. Rt. 108 River Bridge. The project will most likely be bid later this year or early next year with the work to be completed in 2020. We are requesting suspension, as of now we do not know which portion inside the City limits ODOT will pay for and what portion the City will be responsible for, the project details and cost will come out later. Any allocation will need to be appropriated by separate legislation or

in the budget cycle.

Motion to Suspend the

Rules on 051-19

Motion: Sheaffer Second: Haase

Second Read of Ordinance No. 049-19 **WWTP Phase I** Improvements Jones & **Henry Contract**

Council President Bialorucki read by title Ordinance No. 049-19, an Ordinance Authorizing the Expenditure of Funds over Twenty-five Thousand Dollars (\$25,000.00) and Authorizing the City Manager to Enter into a Contract with Jones & Henry Engineers Ltd.; for the Purpose of Professional Design Services for the Project Known as the Wastewater Treatment Plant Phase I Improvement Project, which was not included in the 2019 Appropriation Budget, also Authorizing Supplementing the Annual Appropriation Measure (Supplement No. 5) for the Year 2019; and Declaring an Emergency.

Motion to Approve Second Read of 049-19 Motion: Comadoll Second: Sheaffer to approve Second Read of Ordinance No. 049-19.

Discussion

Mazur stated we are seeking to get Jones & Henry under contract to plan and design the rehab of the Wastewater Treatment Plant (WWTP). Suspension is requested as it is of significant importance not to have any delays in short and long term decisions, the WWTP is being significantly affected by the amount of solids coming from the Water Treatment Plant.

Golf Carts on City Streets

Mazur reported the Safety and Human Resources Committee had considerable discussion on this issue. Both the Law Director and Police Chief spoke of state law changes in 2017 that allowed golf carts to be driven on city streets under 35 mph as long as the golf cart is inspected by the Sheriff's Office and has license plates. Harmon noted most golf carts fit under the low speed/under-speed vehicle definition. Mazur noted the committee had concern with under-speed vehicles on Scott Street, would Council want to allow under-speed vehicles just on roads with a 25 mph speed limit, what would the impact be as it would cut the south side off from going over the river bridge. There can be numerous ways to enact this that would allow golf carts on city streets. As stated in the state law Council can carve out pieces of concern. Baer, Chair of the Municipal

Properties Committee shared Chief Mack's concern about safety of slow moving vehicles especially on Scott Street and other 35 mph streets. Another issue is, so far there have been no requests for the use of golf carts on city streets, the committee considered waiting until there were citizen requests. Harmon said ORC 4511.214 and 4511.215 authorizes municipalities to allow under-speed vehicles on the streets, if Council passes legislation to allow such vehicles on the road. Should Council like to permit golf carts on City streets, you can follow the state code or we can make revisions. As it stands now, no golf carts or underspeed vehicles on city streets unless action is taken by Council to allow these vehicles on the road and then we will have to talk about rules. Haase commented there are sidewalks separated from roadway should be no problem coming across streets. Harmon said golf carts and under-speed vehicles cannot drive on sidewalks they would have to stay on the streets if made 35 mph. If made under 25 mph they cannot cross the bridge and there would be a number of roads they would not be allowed to drive on. Sheaffer added I was here when they made it the golf carts cannot drive on streets and I am still of that opinion, there were causing traffic issues. Most of the time they were going from their house to the golf course. Maassel said we now have a corral at the Golf Course where private golf carts can be stored. Harmon reiterated there are safety concerns and I know if he was here, the Police Chief would voice his concerns, there are issues. There has not been any study done thoroughly even in the cities that have allowed this.

George Emery 1168 Chelsea Avenue

stated he resides at the Chelsea Avenue Condo Association and is representing the Condo Association. It would be very beneficial for passage of this ordinance to allow us to have a golf cart to either go to the golf course or whatever you feel would be appropriate in restrictions whatever you want to determine. I for one would like to have a golf cart I will have a golf cart if I'm able to. I would like your support to give us that opportunity to do that.

Mires asked, Mr. Emery based on what you said, would you get a license and have the golf cart inspected to be able to drive it on the street, do you see yourself going out of 25 mph?

Mr. Emery-if it's the law I would not do, will not do any more than allowed. Mazur-we can look at doing one section of 35 mph of Bales for the neighborhood, this is not for paths it is for streets.

Sheaffer noted a good example why this is a horrible idea for that neighborhood just wait a couple of weeks when school starts.

Mr. Emery- I would not go during that period of congestion.

Sheaffer-you might not but others may.

Baer added the Committee talked about areas of concern and talked about the area around the Senior Center, Lutheran Home and new housing complex to allow a pocket out there. We had concerns on the major roads and big highways, that is one reason the committee did not make a decision.

Bob Weitzel
500 Duguesne

I have thought about this a lot, I had a life experience that brought me here tonight to make my comments. Are you just carving out golf carts and are you throwing out utility vehicles that I think not too long ago the City was even

looking to buy to save money and costs by buying gators and mini-trucks, wouldn't you be carving those out too. Harmon said there is no real mention of golf carts under the new classification. Weitzel continued, the section has three different ones, the utility vehicle in my mind, is the gator and mini-truck, all three are lumped together in that section as under-speed. In 4511.215 is where vehicles are allowed it's either include all or none. Harmon reiterated the City is authorized to draft as it sees fit regarding these. Weitzel - to not carve out two utility vehicles might be helpful in assisting the City and other businesses. I went to Put-in-Bay that is the epitome of what can be crazy. There is a lot of entertainment and golf carts on streets with regular vehicles, it worked quite well under the situation the state has outlined, that is what I saw on that day. I'm a motorcycle rider on two wheels with no protection and you have to be careful not everybody follows the rules. We are not allowing natural progression to take place, it seems as a City we are trying to open our doors to more entertainment, to expand our horizons and I think we may be shutting our doors to some of these things, we are not causing an accident if we do this, we are going to follow the state laws, there will be regulations with safety equipment, you cannot get a license without having insurance, just like a motorcycle would be with the exception only on 25 and 35 mph roads. This is not necessarily the worse idea in the world, you can always try it and repeal it if things don't work out. You can carve out a street and if does not work on Scott Street is does not work I am of the opinion to give what the state has allowed to be addressed to give the citizens as much leeway as possible within that framework and let's see how it works and if it doesn't work very well we can deal with the aftermath. A great deal of education will have to be done. Powell came up with a great form to educate the public. I know for a fact the school is using the utility vehicles right now why not let them do it appropriately. This is my open opinion from what I've seen in one instance.

Harmon asked if there is any information on how this has worked in similar sized more rural cities. Someone else has already experimented and we would like to know how it is working for them. Mazur said he's checked with ODOT and there is no traffic data. Sheaffer commented Put-in-Bay has very little car traffic on the road up there. Weitzel said very soon we will have a new bridge we'll no longer have State Highway 424, move the truck traffic out of town to the second bridge.

Penny Bostelman
Henry County Senior
Center Executive Director

I'm here to talk about one of those pockets to go on record to say we are looking at this from the prospective of the Senior Center, our current participants and potential participants of the Senior Center in our little corner of eastern Napoleon all on the verge of new development with the assisted living, nursing home, and within half a mile several senior households. So, we are looking at this from the standpoint of our location. We believe golf carts can be advantageous to both the seniors and the Senior Center by letting people get out and get some fresh air, there will be savings on gas on the little trips around our little portion there. The Senior Center would be willing to designate some parking spaces for the golf carts, that is what we are looking at and we were excited to hear that. Joel is also a member of our board and our

board seems to be very supportive of this in our neighborhood. We wanted to go on record saying we are talking about our pocket and how advantageous we think it can be for our pocket of Napoleon from our standpoint. We understand all the pros and cons but in our little neck of the woods we think it would be advantageous

Bialorucki said he did not make it to the first meeting; but, wanted to share his opinion. The more I have listened and hear both sides, the first thing I think about is when we first started talking about the NORA district and hearing people say what if this happened, what if that happens and none of that has happened. I feel the same way about this why would we present something that can potentially be very good, we are trying to make an entertainment city to attract more people here and I believe giving something like this is worth trying. We would have the right to make adjustments afterwards as needed. Not to mention most golf carts I've been on go faster than bikes and we allow bikes on city streets, the other day I followed someone down the street on their bike if we allow bikes, why not motorized vehicles.

Baer said he agrees with the Law Director, we need to get a few more examples and refer this back to the committee's August meeting and come back to whole council at the first meeting in September. Harmon stated he will draft legislation to bring to the meeting as well as definitions. Baer said there is no no rush, would like to have more research done. Sheaffer noted he is in favor of pocket areas but not just anywhere. It makes sense to have golf carts at the Senior Center. The Chief's concerns are the same things we addressed not that many years ago. Mazur suggested bringing a map to the committee meeting showing concerned areas and can discuss if want to do separate pockets. Bialorucki added when doing your research check with cities that are of similar size to Napoleon. Harmon noted need to find something semi-rural that allows golf carts on roads with semis and grain trucks and see how it worked for them.

Golf Carts on City Streets Referred to Safety and Human Resources Comm.

Council President Bialorucki referred *Golf Carts on City Streets* back to the Safety and Human Resources Committee for their meeting on August 26, 2019.

Feral Cats

Mazur reported we have been getting complaints and concerns about feral cat population and cat colonies. Recently there was a more extreme case on Park Street and Garden when our first responders had to decontaminate after getting fleas from responding to a call at that location. The committee had some lengthy discussion on concerns. Billy and I have been doing research, a lot of communities don't do anything with cats, information is given to citizens on who they can contact if they have concerns, there is no agency stepping up. The committee also discussed our current ordinance and what we have and how inadequate it is to enforce to prevent feeding, harboring or enabling feral cats and cat colonies. Harmon said we can attempt to draft language to allow us to enforce harboring or feeding stray/feral cats, what it comes down to is a number of cities have tried different things and enforcement requires funding and personnel even if you choose to go the route suggested by Humane Ohio funding will be required, no matter what you choose Council will be required to

put money behind it, staff does not have time. Mazur said if we were to partner with Humane Ohio in Toledo the rates are \$0.58/mile, \$27 per cat trapped and spayed or neutered, and employee time at \$11.50/hour, there will be a lot of time invested the cost could be up to \$150-\$250 per cat. Maybe if we can partner with someone locally to spay and neuter that may cut down on the cost. Harmon said we do not have guys available to sit and watch, we can add language, at this point we are operating on nothing as far as the animal code goes, unless it rises to a nuisance level we do not have anything to charge them with and I have to be able to prove beyond a reasonable doubt. Baer noted we do not have a Police Department to go out and look for violations something in the books would be helpful. Like the situation on Park Street it seems agencies other than the City need to be getting involved, whether it is the Humane Society or Health Department, it is not the City's job to deal with households with 20+ cats where our personnel are getting infected somebody needs to pick up the ball. Mazur said we are documenting complaints we can start issuing warning letters if there is something on the books. Public education is the thing, it is important they realize the nuisance and health issues they are creating. Sheaffer suggested going with spay and neuter and charge the cost back to the resident and if they don't pay can't we put the cost back on their taxes. Mazur said it comes down to proving. Maassel said the problem is the cost is \$250/cat you take \$10,000 that's forty cats we are denting but not solving the problem. How many years do you want to spend \$10,000? I don't want to trap, neuter and release someone's pet cat. Harmon noted another issue is pets are considered personal property in Ohio there are no easy solutions here. Mazur said that is probably why a lot of cities don't deal with this and just wash their hands.

Feral Cats Referred to Safety and Human **Resources Committee** Council President Bialorucki referred Feral Cats back to the Safety and Human Resources Committee for their meeting on August 26, 2019.,

Bialorucki asked if anyone has talked to the Humane Society directly? Mazur replied we have and was pushed to Humane Ohio. Bialorucki's thoughts were if we could talk to the Human Society and see if there are donors who want to make donations.

Around the Table O'Boyle

We received an invoice from the State of Ohio for the JRIG grant which is the true up. We spent \$42,310.96 and the revenue was \$42,712.00 so we owe them \$401.04 and we need another \$10.98 in appropriation to cancel the account so we need a supplemental of \$412.02. This needs to be paid to them within thirty days from the letter that was dated July 18, 2019, so we will need to do it and bring it on the third quarter budget adjustments.

Siclair

Welcome Kelly very nice to have you here.

I spoke to Chief O'Brien earlier and congratulated him on the water boat rescue

in Waterville, very cool and very well done.

Comadoll

No items tonight.

Baer

Chief O'Brien from what I understand you did a great job working with the high school football team.

O'Brien shared Coach Swary reached out to us last year about during two-adays to put the boys through what a firefighter does. We did have a senior fill out an application today, we hope to get more recruitments. It helped break up the monotony of football practice, I think it was more rewarding for us than them but it was really fun.

Bialorucki

I did talk to Chief O'Brien about the water rescue in Waterville and it took me back to the budget meetings on the request to get an airboat for rescue and how the other piece of equipment was not working and was not safe for your men. Chief, tell us your story.

Chief O'Brien - on a Friday a week or so ago around 1:00 am we got a request about two hours after Waterville and Monclova had been on the river to the west side of the bridge in between Missionary Island and the bridge. It is rocky over there and is the exact same place we took the pontoon boat to before. The current had taken over their boat and they got sideways and hooked on the rocks and called us for the air boat. The best part was I was on land and the

guys handled it. The air boat has two LED lights and we put our own emergency lights on, it was not enough to see the definition and we were concerned taking the boat down there. It worked out perfect. I talked to the Monclova chief and we will be setting up training to train during daylight. That is the third time we've been down there. The airboat is still in service. The hovercraft would have been out of service for weeks, months. We need to have dry suits vs. the ice water rescue suits we have, we will get those ordered this week, they are in the budget. We were back in service about 4:15 am, I am very happy to report everyone is safe and got back home.

Bialorucki-continued

Glad to hear it went well. Thank you and thank your team for us. Happy Birthday to Jeff Mires.

Maassel

I talked with somebody from the Henry County Water Sewer District that gets their utility bill from us who said their water bill is high. Some is because of the assessment from the Henry County Water Sewer District, can this be put on as a discussion/action item in two weeks, can we look at changing bills for those customers to reflect here is the Napoleon charge and here is Water Sewer District charge. This won't affect everyone in the district so people know it is not just Napoleon charging them, focus on bills that we send that have assessment from the Henry County Water Sewer District to show assessment they are paying.

The pool will close soon, are we going to take any ceremonial water out so in two years we can put the old water in the new pool.

I got talked to by a couple business owners whose properties back into the Main Street parking lot. There was some construction done in the Main Street parking lot and they are not sure how it got done, why it got done. Mazur replied there were two utility cutouts that were contracted but not by us. Maassel said there is still debris from one, the property owners would like to have the debris removed, it's like roof tar and is still wet.

Welcome Kelly.

Henry County Fair starts this week, Wednesday is moving day, the fair starts on Thursday eat and enjoy.

Sheaffer

Welcome Kelly.

As we are getting closer to water contracts ending for the satellites, if they do not renew we will see rates go up inside the City. We owe it to our residents to investigate a paper township that would take the corporation limits of the City of Napoleon and remove that from all of the other townships. Basically, right now I live in Napoleon Township and through my property tax I pay money to Napoleon Township to plow the township roads, put in a paper township that

would give some relief back to residents and businesses that would be affected by having to raise the rates, the losers will be the townships; but, if the satellites leave my priority is not the townships, my priority is our citizens. We need to take a look at this, if it becomes a reality and put those areas on notice. Mazur asked to be given a chance to look into.

Mires

Welcome to you Kelly, I'm looking forward to working with you.

Kudos to the Fire Department for what you did in Waterville.

In the parking lot out here, there is a log on the river bridge in the pier who is

responsible to get that removed.

Mazur said that may be the county engineer, don't know if they handle debris in

the river.

My wife was in Toledo hospital for ten days thank you for the texts, cards,

meals and phone calls.

Haase Welcome Kelly.

Harmon Welcome to Kelly.

Mazur Welcome to Kelly.

Rev. 6/26/00

Ordinance No. 052-19
PID No.: 109334

County/Route/Section	:	
----------------------	---	--

The following is an Ordinance enacted by the City of Napoleon, Henry County, Ohio, hereinafter referred to as the Local Public Agency (LPA).

SECTION I – Project Description

WHEREAS, the (LPA) has determined the need for the described project:

Bridge Inspection Program Services, including, but not limited to routine inspections, element level inspections, critical-findings reports, fracture critical member inspections, load rating calculations and reports, weight limits posting sign recommendations, scour assessments, scour plan of actions, development of fracture critical plans, and underwater dive inspection reports if needed.

NOW THEREFORE, be it ordained by the City of Napoleon, Henry County, Ohio.

SECTION II – Consent Statement

Being in the public interest, the LPA gives consent to the Director of Transportation to complete the above described project.

SECTION III – Cooperation Statement

The LPA shall cooperate with the Director of Transportation in the above described project as follows:

The State shall assume and bear 100% of all of the cost for Bridge Inspection Program Services requested by the City and agreed to by the State. Eligible Bridge Inspection Services are described in the Consultant's Scope of Services Task Order Contract (Exhibit A).

The LPA agrees to pay 100% of the cost of those features which are not included in Exhibit A. Those features may include but not limited to the purchasing and erecting the recommended weight limits postings signs, the implementation of critical findings reports such as partial or total bridge closures, the implementation of the scour plan of actions. When recommendations affect public safety, ODOT expects full implementation by the LPA. Starting in October 2019, FHWA requires installing weight limits posting signs within 30 days from the official date of the approved recommendations. Timely implementation is essential to the success of this program.

SECTION IV - Utilities and Right-of-Way Statement

The LPA agrees that all right-of-way required for the described project will be made available in accordance with current State and Federal regulations.

SECTION V Authority to Sign

I, City Manager of said City of Napoleon, Henry County, Ohio, am hereby empowered on behalf of the City of Napoleon to enter into contracts with the Director of Transportation which is necessary to complete the above described project.

RESOLUTION NO. 053-19

A RESOLUTION AUTHORIZING THE CITY MANAGER TO EXECUTE ALL DOCUMENTS NECESSARY TO APPLY FOR AND ACCEPT OHIO PUBLIC WORKS COMMISSION STATE CAPITAL IMPROVEMENT PROGRAM (SCIP) AND LOCAL TRANSPORTATION IMPROVEMENT PROGRAM (LTIP) FUNDS FOR PROJECTS DEEMED NECESSARY BY THE CITY ENGINEER IN THE YEAR 2020

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF NAPOLEON, OHIO:

- Section 1. That, the City Manager is directed to execute all documents necessary to apply for and accept Ohio Public Works Commission State Capital Improvement Program (SCIP) and Local Transportation Improvement Program (LTIP) funds for the year for projects deemed necessary by the City Engineer in the Year 2020, including but not limited to execution of Grant Agreement(s).
- Section 2. That, it is found and determined that all formal actions of this City Council concerning and relating to the adoption of this Resolution were adopted in open meetings of this City Council, and that all deliberations of this City Council and any of its committees that resulted in such formal actions were in compliance with all legal requirements, including Section 121.22 of the Ohio Revised Code and the Codified Ordinances of Napoleon Ohio.
- Section 3. That, if any other prior Ordinance or Resolution is found to be in conflict with this Resolution, then the provisions of this Resolution shall prevail. Further, if any portion of this Resolution is found to be invalid for any reason, such decision shall not affect the validity of the remaining portions of this Resolution or any part thereof.
- Section 4. That, this Resolution is declared to be an emergency measure necessary for the immediate preservation of the public peace, health or safety of the City and its inhabitants, and for the further reason that this legislation must be in effect at the earliest possible time to assure the prompt and efficient application for project funds related to public peace, health or safety of the City; therefore, provided it receives the required number of votes for passage as emergency legislation, it shall be in full force and effect immediately upon its passage; otherwise, it shall be in full force and effect at the earliest time permitted by law. Further, the Emergency Clause is necessary to be in effect at the earliest possible time to allow for proper and timely application of grant funds, and for further reasons as stated in the Preamble hereof.

A RESOLUTION AUTHORIZING THE EXPENDITURE OF FUNDS OVER TWENTY-FIVE THOUSAND DOLLARS (\$25,000.00) AND AUTHORIZING THE CITY MANAGER TO ENTER INTO A CONTRACT WITH PETERMAN & ASSOCIATES FOR THE PURPOSE OF PROFESSIONAL DESIGN SERVICES FOR THE PROJECT KNOWN AS THE CITY OF NAPOLEON AQUATIC CENTER, WHICH WAS NOT INCLUDED IN THE 2019 APPROPRIATION BUDGET, ALSO AUTHORIZING SUPPLEMENTING THE ANNUAL APPROPRIATION MEASURE (SUPPLEMENT NO. 4) FOR THE YEAR 2019; AND DECLARING AN EMERGENCY

WHEREAS, the City desires to move forward with the design of its aquatic center; and,

WHEREAS, the City sought statements of qualifications from engineering firms for the design of the City of Napoleon Aquatic Center; and,

WHEREAS, the City ranked the responding firms and determined Peterman & Associates to be the most qualified firm; and,

WHEREAS, the City now desires to enter into a contract with Peterman & Associates for professional design services for the City of Napoleon Aquatic Center; and,

WHEREAS, this Project was not included in the annual 2019 Master Bid List Resolution, and that the cost of this project exceeds \$25,000.00; **Now therefore**,

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF NAPOLEON, OHIO:

- Section 1. That, the expenditure of funds in excess of twenty-five thousand dollars (\$25,000.00) for the purpose of professional design services for the City of Napoleon Aquatic Center is hereby authorized by this Council as a necessary public expenditure.
- Section 2. That, having found Peterman & Associates to be the most qualified firm, the City Manager is hereby authorized to enter into a contract with Peterman & Associates for professional design services for the City of Napoleon Aquatic Center.
- Section 3. FROM: SUBJECT: Ohio Water & Sewer Rotary Commission Assessments

Council and Mayor,

City Manager Joel L. Mazur

Napoleon was able to secure funds several years ago from the Ohio Water and Sewer Rotary Commission to develop infrastructure in the Northpointe and Palmer Ditch areas. The property owners are able to defer assessments on their properties until they are transferred or used for something other than agricultural use. Once the properties are sold or used for something other than agricultural, the assessments become due and any funds received from the Ohio Water and Sewer Rotary Commission for those

particular parcels are due back to the Commission.

Law Director Billy D. Harmon The following parcels have been sold and the assessments are now due from the City.

Public Works Director Chad E. Lulfs, P.E., P.S.

Parcel Number:	Acreage:	Amount:
Northpointe 41-010026.0000	10 acres	\$9,545.97

and under conditions deemed appropriate by the commission when determining fitness and merit; provided that such amount is established in advance of any affected examination; and provided that no such credit shall be added to an applicant's examination grade unless the applicant achieves at least the minimum passing grade as established in Rule 4.17 on the examination without counting any additional credit; moreover, in order to be eligible to receive the credit, the applicant must submit proof of honorable discharge or applicable military service (a certificate of service or honorable discharge or equivalent as determined by the commission) at the time of filing the application. Any additional credit given under this provision shall be in terms of a percent of the person's base earned grade given in the applicant's regular examination, unless another method is authorized by the commission.

Rule 4.15.2 Seniority Credit Prohibited

Except as otherwise provided in Rule 9.5.2(1) of these rules and procedures, in promotional examinations, no additional credit for seniority or efficiency in the civil service of the city, the state, or any other political subdivision of Ohio shall be added to the examination grade. This provision shall not be construed as limiting the commission's ability to use seniority as a tie breaker.

Rule 4.15.3 Political or Religious Questions Prohibited.

No questions in any examination shall relate to political or religious opinions or affiliations. (Ord. 017-18. Passed 4-16-18.)

Rule 4.16 Examination Grading Methods

The total grade attainable in each examination, except for special credits as outlined above, shall be one hundred (100%) percent. In examinations composed of more than one (1) part the method of scoring shall be:

- Each part of the examination shall be separately rated and the proficiency of each competitor determined on the basis of a scale of one hundred (100%) percent for maximum possible attainment.
- 2) Each part shall be assigned a weight which shall be based on the relative value of the part to that of the entire examination expressed in terms of tenth (1-10th) of the total.
- The earned grade of each examinee in each part of the examination shall be multiplied by the weight assigned to the part and the sum of the total shall be the earned grade for the participant.
- 4) Notwithstanding the above, any physical agility portion of the examination for original appointment to the position of Police Officer shall be administered by the commission and shall be based on the Cooper Standards. In the event that an applicant fails the physical agility portion, no further consideration to the applicant for appointment shall be given. If the applicant has passed the physical certification process of the Ohio Peace Office Training Academy (OPOTA) within the previous year, but not more than two (2) years prior to the date of the original examination for Police Officer, the commission will accept that certification for the physical agility portion of the original examination for Police Officer.

The physical agility portion of the original examination for Firefighter/Paramedic will be administered by the National Testing Network using the standard of the Firefighter's Mile. The commission will accept the Firefighter Mile card for the physical agility portion of the original examination for Firefighter/Paramedic. Upon completion of the grading process, each applicant shall be notified by regular U.S. mail, with proof of mailing required to his or her last address on file with the commission, as to his or her grade. (Ord. 007-19. Passed 1-21-19.)

Rule 4.17 Passing Grade

The passing grade of any examination administered pursuant to these Rules and Procedures, exclusive of any additional credits that may offered, shall be a minimum of seventy (70%) percent.

Rule 4.18 Changing Of Grades

No grades given in any examination shall be changed after the posting of an eligible list, except after the consideration of reasons submitted in writing by the competitor objecting and report thereon by the commission's properly authorized examiners; provided that the commission may correct clerical errors of examiners or employees at any time before the cancellation of such lists.

Rule 4.19 Repeating Examinations

An applicant who has competed in a civil service examination may not repeat that examination or take an examination for the same classification within six (6) months from the date of original examination, unless an alternative form of examination is given, or unless other standards are specified in the examination announcement, provided that the commission may waive in writing this rule upon written request from an applicant stating substantial reasons for granting such waiver.

Rule 4.20 Preservation Of Examination Papers

Applications and final scores of all candidates for employment in the classified service shall be secured on file in the office of the finance director, or in the case when a specific council clerk exists, then such clerk, until such time as a new examination is given. (Ord. 017-18. Passed 4-16-18.)

195.05 RULE 5 APPLICATIONS.

Rule 5.1 Residency Required

Every applicant for examination at time of application must be a resident of the State of Ohio or signify in writing his or her intention to become and remain, upon appointment, a resident of the State of Ohio and his or her intention to meet all city residency requirements, unless such requirements are specifically waived in the examination announcement or otherwise waived in statute or rule.

Rule 7.13 Reserved

Rule 7.14 Reserved

Rule 7.15 Appropriateness Of Duties

The assignment of duties is the responsibility of the appointing authority. It is the responsibility of the appointing authority to see that accurate descriptions of the duties performed by the Competitive Classified Positions are reported to the commission.

Rule 7.16 Reserved

Rule 7.17 Probationary Period

Rule 7.17.1 Purpose

The probationary period shall be regarded as an integral part of the appointment process and shall be used for closely observing the employee's work, for securing the most effective adjustment of a new employee to a new job and for discharging any employee whose performance does not meet required work standards.

Rule 7.17.2 Probation period

Each employee in the classified civil service shall serve a probationary period in accordance with the city's personnel code (administrative code) or appropriate collective bargaining agreement.

Rule 7.18 Poor Evaluation During Probationary Period

If an employee receives a poor evaluation by the appointing authority at any time during his or her probationary period, this shall be considered adequate grounds for probationary dismissal. This dismissal shall be accomplished during the time period established.

Rule 7.19 Restrictions For Appointment

Any restrictions for appointment from an eligible list as to age, physical or other requirements shall be made prior to and stated in the bulletin announcing the examination and no eligible list shall be so restricted unless it had been announced in the examination bulletin.

(Ord. 039-10. Passed 6-7-10.)

Rule 7.20 Lateral Transfer

The City of Napoleon wishes to broaden the pool of applicants for the City of Napoleon Police Department by allowing employees appointed as a full time Patrol Officer who possess certification from Basic Police School (OPOTA or equivalent), and whose last position held with the employee's last employer was a law enforcement position, to utilize full years of service in the law enforcement position with the employee's last employer for calculation of pay and vacation accrual only, while still protecting the seniority rights of current Napoleon Police Officers, including but not limited to seniority affecting layoff, recall, overtime assignment, acting time, vacation selection, shift preferences, etc. Employees appointed by the City of Napoleon as a full time Patrol Officer who possess certification from Basic Police School (OPOTA or equivalent) and whose last position held with the employee's last employer was a law enforcement position, shall be credited with two weeks (80 hours) of vacation on date of hire.

The City of Napoleon wishes to broaden the pool of applicants for the City of Napoleon Fire Department by allowing employees appointed as a full time Firefighter/Paramedic who possess certifications of Ohio Firefighter II and State of Ohio Paramedic, and whose last position held with the employee's last employer was a firefighter/paramedic position, to utilize full years of service in the fire department position with the employee's last employer for calculation of pay and vacation only, while still protecting the seniority rights of current Napoleon Firefighters/Paramedics, including but not limited to seniority affecting layoff, recall, overtime assignment, acting time, vacation selection, shift preferences, etc. Employees appointed by the City of Napoleon as a full time Firefighter/Paramedic who possess certifications of Ohio Firefighter II and State of Ohio Paramedic, and whose last position held with the employee's last employer was a firefighter/paramedic position shall be credited with forty-eight (48) hours of vacation on date of hire. (Ord. 007-19. Passed 1-21-19.)

195.08 RULE 8 EXCEPTIONAL, EMERGENCY AND TEMPORARY APPOINTMENTS.

Rule 8.1 General Provisions For Rule 8

Except as otherwise provided in this Rule 8.2, Rule 8 shall apply only to the competitive classified civil service positions, but these rules do not limit appointing authorities' ability to make emergency or temporary appointments to other positions that are not in the competitive classified civil service.

Rule 8.2 Acting Positions

Any employee in the classified service of the City that is temporarily appointed to an "acting" position in the unclassified service of the City shall not be considered removed from the classified civil service during the acting time; moreover, a temporary appointment to any "acting" position, classified or unclassified, shall not be considered a promotion and removal therefrom shall not be considered a demotion.

Rule 8.3 Exceptional Appointments

In case of a vacancy in a position in the classified service where peculiar and exceptional qualifications of a scientific, managerial, professional, or educational character are required, and upon satisfactory evidence that for specified reasons competition in such special case is impracticable and that the position can best be filled by a selection of some designated person of high and recognized attainments in such qualities, the commission may suspend the provisions of the Civil Service Code unless otherwise prohibited by order of council; such order which may be formulated and approved by motion of council.

Rule 8.4 Reserved

Rule 8.5 Reserved

Rule 8.6 Emergency Appointments

An emergency appointment to a position to meet an emergency situation, is not subject to civil service law, and is limited to a maximum of thirty (30) calendar days. In the case of an emergency, an emergency appointment may be made.

Rule 8.6.1 Documenting Appointments

When reporting emergency appointments to the commission, the appointing authority must include supportive documentation or descriptive information establishing that an emergency exists.

Rule 8.6.2 Successive Appointments

Consecutive emergency appointments shall not be made to the same or similar classification.

Rule 8.6.3 Subsequent Appointments

Upon expiration of an emergency appointment, the position shall be filled, if at all, by a certified appointment if a list then exists.

Rule 8.6.4 Probationary Periods

Emergency service shall not be counted as a part of the probationary period.

Rule 8.6.5 Standing On Eligible List

The acceptance or refusal by an eligible individual of an emergency appointment shall not affect the individual's standing on the eligible list for permanent employment.

Rule 8.6.6 License Or Certificate Requirements

All emergency appointees must meet license or certificate requirements for the classification or position to which they are appointed.

301.01 MEANING OF WORDS AND PHRASES.

The following words and phrases when used in this Traffic Code, except as otherwise provided, shall have the meanings respectively ascribed to them in this chapter.

301.02 AGRICULTURAL TRACTOR.

"Agricultural tractor" means every self-propelling vehicle designed or used for drawing other vehicles or wheeled machinery but having no provision for carrying loads independently of such other vehicles, and used principally for agricultural purposes. (ORC 4511.01(J))

301.03 ALLEY.

"Alley" means a street or highway intended to provide access to the rear or side of lots or buildings in urban districts and not intended for the purpose of through vehicular traffic, and includes any street or highway that has been declared an "alley" by Council. (ORC 4511.01(XX))

301.031 BEACON; HYBRID BEACON.

- (a) "Beacon" means a highway traffic signal with one or more signal sections that operate in a flashing mode. (ORC 4511.01(KKK))
- (b) "Hybrid beacon" means a type of beacon that is intentionally placed in a dark mode between periods of operation where no indications are displayed and, when in operation, displays both steady and flashing traffic control signal indications.

 (ORC 4511.01(LLL))

301.04 BICYCLE; MOTORIZED BICYCLE; MOPED; ELECTRIC BICYCLE.

- (a) "Bicycle" means every device, other than a device that is designed solely for use as a play vehicle by a child, that is propelled solely by human power upon which a person may ride, and that has two or more wheels, any of which is more than fourteen inches in diameter. (ORC 4511.01(G))
- (b) "Motorized bicycle" or "moped" means any vehicle having either two tandem wheels or one wheel in the front and two wheels in the rear, that may be pedaled, and that is equipped with a helper motor of not more than fifty cubic centimeters piston displacement that produces not more than one brake horsepower and is capable of propelling the vehicle at a speed of no greater than twenty miles per hour on a level surface.

"Motorized bicycle" or "moped" does not include an electric bicycle. (ORC 4511.01(H))

- (c) "Electric bicycle" means a "class 1 electric bicycle", a "class 2 electric bicycle", or a "class 3 electric bicycle" as defined in this section. (ORC 4511.01(RRR))
 - (1) "Class 1 electric bicycle" means a bicycle that is equipped with fully operable pedals and an electric motor of less than seven hundred fifty watts that provides assistance only when the rider is pedaling and ceases to provide assistance when the bicycle reaches the speed of twenty miles per hour. (ORC 4511.01(SSS))
 - (2) "Class 2 electric bicycle" means a bicycle that is equipped with fully operable pedals and an electric motor of less than seven hundred fifty watts that may provide assistance regardless of whether the rider is pedaling and is not capable of providing assistance when the bicycle reaches the speed of twenty miles per hour. (ORC 4511.01(TTT))
 - (3) "Class 3 electric bicycle" means a bicycle that is equipped with fully operable pedals and an electric motor of less than seven hundred fifty watts that provides assistance only when the rider is pedaling and ceases to provide assistance when the bicycle reaches the speed of twenty-eight miles per hour. "Highway traffic signal" does not include a power-operated sign, steadily illuminated pavement markers, warning light, or steady burning electric lamp. (ORC 4511.01(MMM))

301.17 INTERSECTION.

"Intersection" means:

- (a) The area embraced within the prolongation or connection of the lateral curb lines, or, if none, the lateral boundary lines of the roadways of two highways that join one another at, or approximately at, right angles, or the area within which vehicles traveling upon different highways that join at any other angle might come into conflict. The junction of an alley or driveway with a roadway or highway does not constitute an intersection unless the roadway or highway at the junction is controlled by a traffic control device.
- (b) If a highway includes two roadways that are thirty feet or more apart, then every crossing of each roadway of such divided highway by an intersecting highway constitutes a separate intersection. If both intersecting highways include two roadways thirty feet or more apart, then every crossing of any two roadways of such highways constitutes a separate intersection.
- (c) At a location controlled by a traffic control signal, regardless of the distance between the separate intersections as described in subsection (b) of this section:
 - (1) If a stop line, yield line, or crosswalk has not been designated on the roadway within the median between the separate intersections, the two intersections and the roadway and median constitute one intersection.
 - (2) Where a stop line, yield line, or crosswalk line is designated on the roadway on the intersection approach, the area within the crosswalk and any area beyond the designated stop line or yield line constitute part of the intersection
 - Where a crosswalk is designated on a roadway on the departure from the intersection, the intersection includes the area that extends to the far side of the crosswalk. (ORC 4511.01(KK))

301.18 LANED STREET OR HIGHWAY.

"Laned street or highway" means a street or highway the roadway of which is divided into two or more clearly marked lanes for vehicular traffic. (ORC 4511.01(GG))

301.181 MEDIAN.

"Median" means the area between two roadways of a divided highway, measured from edge of traveled way to edge of traveled way, but excluding turn lanes. The width of a median may be different between intersections, between interchanges, and at opposite approaches of the same intersection. (ORC 4511.01(NNN))

301.19 MOTORCYCLE.

"Motorcycle" means every motor vehicle, other than a tractor, having a seat or saddle for the use of the operator and designed to travel on not more than three wheels in contact with the ground, including but not limited to, motor vehicles known as "motor-driven cycle," "motor scooter," "autocycle,", "cab-enclosed motorcycle" or "motorcycle" without regard to weight or brake horsepower. (ORC 4511.01(C))

301.20 MOTOR VEHICLE.

"Motor vehicle" means every vehicle propelled or drawn by power other than muscular power, except motorized bicycles, electric bicycles, road rollers, traction engines, power shovels, power cranes and other equipment used in construction work and not designed for or employed in general highway transportation, hole-digging machinery, well-drilling machinery, ditch-digging machinery, farm machinery, and trailers designed and used exclusively to transport a boat between a place of storage and a marina, or in and around a marina, when drawn or towed on a street or highway for a distance of no more than ten miles and at a speed of twenty-five miles per hour or less. - (b) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

If the offender commits the offense while distracted and the distracting activity is a contributing factor to the commission of the offense, the offender is subject to the additional fine established under Section 303.991 of the Traffic Code. (ORC 4511.051)

303.07 APPLICATION TO DRIVERS OF GOVERNMENT VEHICLES.

The provisions of this Traffic Code applicable to the drivers of vehicles shall apply to the drivers of all vehicles owned or operated by the United States, any state or any political subdivision thereof, including this Municipality, except as may be otherwise provided by law and subject to such specific exceptions as are set forth with reference to authorized emergency and public safety vehicles.

303.08 IMPOUNDING OF VEHICLES; REDEMPTION.

- (a) Police officers are authorized to provide for the removal of a vehicle under the following circumstances:
 - (1) When any vehicle is left unattended upon any street, bridge or causeway and is so illegally parked so as to constitute a hazard or obstruction to the normal movement of traffic, or so as to unreasonably interfere with street cleaning or snow removal operations.

Except as otherwise provided in this subsection, whoever violates subsection (a)(2) of this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates subsection (a)(2) of this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates subsection (a)(2) of this section is guilty of a misdemeanor of the third degree. (ORC 4511.17)

313.09 DRIVER'S DUTIES UPON APPROACHING AMBIGUOUS OR NON-WORKING TRAFFIC SIGNAL.

- (a) The driver of a vehicle who approaches an intersection where traffic is controlled by traffic control signals shall do all of the following if the signal facing the driver exhibits no colored lights or colored lighted arrows, exhibits a combination of such lights or arrows that fails to clearly indicate the assignment of right of way, or, if the vehicle is a bicycle or an electric bicycle, the signals are otherwise malfunctioning due to the failure of a vehicle detector to detect the presence of the bicycle or electric bicycle.
 - (1) Stop at a clearly marked stop line, but if none, stop before entering the crosswalk on the near side of the intersection, or, if none, stop before entering the intersection;
 - (2) Yield the right of way to all vehicles in the intersection or approaching on an intersecting road, if the vehicles will constitute an immediate hazard during the time the driver is moving across or within the intersection or junction of roadways.
 - (3) Exercise ordinary care while proceeding through the intersection.
- (b) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

If the offender commits the offense while distracted and the distracting activity is a contributing factor to the commission of the offense, the offender is subject to the additional fine established under Section 303.991 of the Traffic Code. (ORC 4511.132)

313.10 UNLAWFUL PURCHASE, POSSESSION OR SALE.

- (a) As used in this section, "traffic control device" means any sign, traffic control signal or other device conforming to and placed or erected in accordance with the manual adopted under Ohio R.C. 4511.09 by authority of a public body or official having jurisdiction, for the purpose of regulating, warning or guiding traffic, including signs denoting the names of streets and highways, but does not mean any pavement marking.
- (b) No individual shall buy or otherwise possess or sell, a traffic control device, except when one of the following applies:
 - (1) In the course of the individual's employment by the State or a local authority for the express or implied purpose of manufacturing, providing, erecting, moving or removing such a traffic control device;
 - (2) In the course of the individual's employment by any manufacturer of traffic control devices other than a State or local authority;

(c) Upon any roadway having four or more lanes for moving traffic and providing for two-way movement of traffic, no vehicle shall be driven to the left of the center line of the roadway, except when authorized by official traffic control devices designating certain lanes to the left of the center of the roadway for use by traffic not otherwise permitted to use the lanes, or except as permitted under subsection (a) (2) hereof.

This subsection shall not be construed as prohibiting the crossing of the center line in making a left turn into or from an alley, private road or driveway.

(d) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

If the offender commits the offense while distracted and the distracting activity is a contributing factor to the commission of the offense, the offender is subject to the additional fine established under Section 303.991 of the Traffic Code. (ORC 4511.25)

331.02 PASSING TO RIGHT WHEN PROCEEDING IN OPPOSITE DIRECTIONS.

- (a) Operators of vehicles proceeding in opposite directions shall pass each other to the right, and upon roadways having width for not more than one line of traffic in each direction, each operator shall give to the other one-half of the main traveled portion of the roadway or as nearly one-half as is reasonably possible.
- (b) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

If the offender commits the offense while distracted and the distracting activity is a contributing factor to the commission of the offense, the offender is subject to the additional fine established under Section 303.991 of the Traffic Code. (ORC 4511.26)

331.03 OVERTAKING. PASSING TO LEFT: DRIVER'S DUTIES.

- (a) The following rules govern the overtaking and passing of vehicles proceeding in the same direction:
 - (1) The operator of a vehicle overtaking another vehicle proceeding in the same direction shall, except as provided in subsection (a)(3) hereof, signal to the vehicle to be overtaken, shall pass to the left thereof at a safe distance, and shall not again drive to the right side of the roadway until safely clear of the overtaken vehicle. When a motor vehicle overtakes and passes a bicycle or electric bicycle, three feet or greater is considered a safe passing distance.
 - (2) Except when overtaking and passing on the right is permitted, the operator of an overtaken vehicle shall give way to the right in favor of the overtaking vehicle at the latter's audible signal, and the operator shall not increase the speed of the operator's vehicle until completely passed by the overtaking vehicle.

(c) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

If the offender commits the offense while distracted and the distracting activity is a contributing factor to the commission of the offense, the offender is subject to the additional fine established under Section 303.991 of the Traffic Code. (ORC 4511.37)

331.13 STARTING AND BACKING VEHICLES.

(a) No person shall start a vehicle which is stopped, standing or parked until such movement can be made with reasonable safety.

Before backing, operators of vehicles shall give ample warning, and while backing they shall exercise vigilance not to injure person or property on the street or highway.

No person shall back a motor vehicle on a freeway, except: in a rest area; in the performance of public works or official duties; as a result of an emergency caused by an accident or breakdown of a motor vehicle.

(b) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

If the offender commits the offense while distracted and the distracting activity is a contributing factor to the commission of the offense, the offender is subject to the additional fine established under Section 303.991 of the Traffic Code. (ORC 4511.38)

331.14 SIGNALS BEFORE CHANGING COURSE, TURNING OR STOPPING.

(a) No person shall turn a vehicle or move right or left upon a highway unless and until such person has exercised due care to ascertain that the movement can be made with reasonable safety nor without giving an appropriate signal in the manner hereinafter provided.

When required, a signal of intention to turn or move right or left shall be given continuously during not less than the last 100 feet traveled by the vehicle before turning, except that in the case of a person operating a bicycle or electric bicycle, the signal shall be made not less than one time but is not required to be continuous. A bicycle or electric bicycle operator is not required to make a signal if the bicycle or electric bicycle is in a designated turn lane, and a signal shall not be given when the operator's hands are needed for the safe operation of the bicycle or electric bicycle.

No person shall stop or suddenly decrease the speed of a vehicle without first giving an appropriate signal in the manner provided herein to the driver of any vehicle immediately to the rear when there is opportunity to give a signal.

Any stop or turn signal required by this section shall be given either by means of the hand and arm, or by signal lights that clearly indicate to both approaching and following traffic intention to turn or move right or left, except that any motor vehicle in use on a highway shall be equipped with, and the required signal shall be given by, signal lights when the distance from the center of the top of the steering post to the left outside limit of the body, cab or load of such motor vehicle exceeds twenty-four inches, or when the distance from the center of the top of the steering post to the rear limit of the body or load thereof exceeds fourteen feet, whether a single vehicle or a combination of vehicles.

The signal lights required by this section shall not be flashed on one side only on a disabled vehicle, flashed as a courtesy or "do pass" signal to operators of other vehicles approaching from the rear, nor be flashed on one side only of a parked vehicle except as may be necessary for compliance with this section.

(b) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

If the offender commits the offense while distracted and the distracting activity is a contributing factor to the commission of the offense, the offender is subject to the additional fine established under Section 303.991 of the Traffic Code. (ORC 4511.39)

331.15 HAND AND ARM SIGNALS.

- (a) Except as provided in subsection (b) hereof, all signals required by this Traffic Code, when given by hand arm shall be given from the left side of the vehicle in the following manner, and such signals shall indicate as follows:
 - (1) Left turn: Hand and arm extended horizontally;
 - (2) Right turn: Hand and arm extended upward;
 - (3) Stop or decrease speed: Hand and arm extended downward.
- (b) As an alternative to subsection (a)(2) hereof, a person operating a bicycle or electric bicycle may give a right turn signal by extending the right hand and arm horizontally and to the right side of the bicycle or electric bicycle.
- (c) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

If the offender commits the offense while distracted and the distracting activity is a contributing factor to the commission of the offense, the offender is subject to the additional fine established under Section 303.991 of the Traffic Code. (ORC 4511.40)

331.16 RIGHT OF WAY AT INTERSECTIONS.

- (a) When two vehicles approach or enter an intersection from different streets or highways at approximately the same time, the driver of the vehicle on the left shall yield the right of way to the vehicle on the right.
- (b) The right of way rule declared in subsection (a) hereof, is modified at through highways and otherwise as stated in this Traffic Code and Ohio R.C. Chapter 4511. (ORC 4511.41)
- (c) Subject to compliance with any traffic control device, when two vehicles approach or enter a junction of two or more alleys from different directions at approximately the same time, the driver of the vehicle on the left shall yield the right of way to the vehicle on the right.

331.37 DRIVING UPON SIDEWALK OR BIKE PATH.

- (a) No person shall drive any vehicle, other than a bicycle or an electric bicycle if the motor is not engaged, upon a sidewalk or sidewalk area except upon a permanent or duly authorized temporary driveway. (ORC 4511.711)
- (b) No person shall drive a vehicle on a street lawn area or the curb of a street, except upon a permanent or duly authorized temporary driveway or when otherwise lawfully authorized.
- (c) No person shall operate a motor vehicle, snowmobile, or all-purpose vehicle upon any path set aside for the exclusive use of bicycles, when an appropriate sign giving notice of such use is posted on the path. (ORC 4511.713)
- (d) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

If the offender commits the offense while distracted and the distracting activity is a contributing factor to the commission of the offense, the offender is subject to the additional fine established under Section 303.991 of the Traffic Code. (ORC 4511.711)

331.38 STOPPING FOR SCHOOL BUS; DISCHARGING CHILDREN.

(a) The driver of a vehicle upon meeting or overtaking from either direction any school bus stopped for the purpose of receiving or discharging any school child, person attending programs offered by community boards of mental health and County boards of developmental disabilities, or child attending a program offered by a head start agency, shall stop at least ten feet from the front or rear of the school bus and shall not proceed until such school bus resumes motion, or until signaled by the school bus driver to proceed.

It is no defense to a charge under this subsection (a) hereof that the school bus involved failed to display or be equipped with an automatically extended stop warning sign as required by subsection (b) hereof.

- (b) Every school bus shall be equipped with amber and red visual signals meeting the requirements of Ohio R.C. 4511.771, and an automatically extended stop warning sign of a type approved by the State Board of Education, which shall be actuated by the driver of the bus whenever but only whenever the bus is stopped or stopping on the roadway for the purpose of receiving or discharging school children, persons attending programs offered by community boards of mental health and County boards of developmental disabilities, or children attending programs offered by head start agencies. A school bus driver shall not actuate the visual signals or the stop warning sign in designated school bus loading areas where the bus is entirely off the roadway or at school buildings when children or persons attending programs offered by community boards of mental health and County boards of developmental disabilities are loading or unloading at curbside or at buildings when children attending programs offered by head start agencies are boarding or unloading at curbside. The visual signals and stop warning sign shall be synchronized or otherwise operated as required by rule of the Board.
- (c) Where a highway has been divided into four or more traffic lanes, a driver of a vehicle need not stop for a school bus approaching from the opposite direction which has stopped for the purpose of receiving or discharging any school child, persons attending programs offered by community boards of mental health and County boards of developmental disabilities, or children attending programs offered by head start agencies. The driver of any vehicle overtaking the school bus shall comply with subsection (a) hereof.

373.01 CODE APPLICATION TO BICYCLES.

- (a) The provisions of this Traffic Code that are applicable to bicycles and electric bicycles apply whenever a bicycle or electric bicycle is operated upon any street or upon any path set aside for the exclusive use of bicycles.
- (b) Except as provided in subsection (d) of this section, a bicycle operator or electric bicycle operator who violates any section of this Traffic Code described in subsection (a) of this section that is applicable to bicycles or electric bicycles may be issued a ticket, citation or summons by a law enforcement officer for the violation in the same manner as the operator of a motor vehicle would be cited for the same violation. A person who commits any such violation while operating a bicycle or electric bicycle shall not have any points assessed against the person's driver's license, commercial driver's license, temporary instruction permit, or probationary license under Ohio R.C. 4510.036.

- (c) Except as provided in subsection (d) of this section, in the case of a violation of any section of this Traffic Code described in subsection (a) of this section by a bicycle operator, electric bicycle operator, or motor vehicle operator when the trier of fact finds that the violation by the motor vehicle operator endangered the lives of bicycle riders or electric bicycle riders at the time of the violation, the court, notwithstanding any provision of this Traffic Code to the contrary, may require the bicycle operator, electric bicycle operator or motor vehicle operator to take and successfully complete a bicycling skills course approved by the court in addition to or in lieu of any penalty otherwise prescribed by the Traffic Code for that violation.
- (d) Subsections (b) and (c) of this section do not apply to violations of Section 333.01 of this Traffic Code. (ORC 4511.52)
- (e) The provisions of this Traffic Code shall apply to bicycles and electric bicycles except those which by their nature are not applicable.

373.02 RIDING UPON SEATS; HANDLEBARS; HELMETS AND GLASSES.

- (a) For purposes of this section "snowmobile" has the same meaning as given that term in Ohio R.C 4519.01.
- (b) No person operating a bicycle or electric bicycle shall ride other than upon or astride the permanent and regular seat attached thereto, or carry any other person upon such bicycle or electric bicycle other than upon a firmly attached and regular seat thereon, and no person shall ride upon a bicycle or electric bicycle other than upon such a firmly attached and regular seat.
- (c) No person operating a motorcycle shall ride other than upon or astride the permanent and regular seat or saddle attached thereto, or carry any other person upon such motorcycle other than upon a firmly attached and regular seat or saddle thereon, and no person shall ride upon a motorcycle other than upon such a firmly attached and regular seat or saddle.
- (d) No person shall ride upon a motorcycle that is equipped with a saddle other than while sitting astride the saddle, facing forward, with one leg on each side of the motorcycle.
- (e) No person shall ride upon a motorcycle that is equipped with a seat other than while sitting upon the seat.
- (f) No person operating a bicycle or electric bicycle shall carry any package, bundle or article that prevents the driver from keeping at least one hand upon the handlebars.
- (g) No bicycle, electric bicycle, or motorcycle shall be used to carry more persons at one time than the number for which it is designed and equipped. No motorcycle shall be operated on a highway when the handlebars rise higher than the shoulders of the operator when the operator is seated in the operator's seat or saddle.

- (1) (h) Except as provided in subsection (h)(2) of this section, no person shall operate or be a passenger on a snowmobile or motorcycle without using safety glasses or other protective eye device. Except as provided in subsection (i)(3) of this section, no person who is under the age of eighteen years, or who holds a motorcycle operator's endorsement or license bearing "novice" designation that is currently in effect as provided in Ohio R.C. 4507.13, shall operate a motorcycle on a highway, or be a passenger on a motorcycle, unless wearing a United States Department of Transportationapproved protective helmet on the person's head, and no other person shall be a passenger on a motorcycle operated by such a person unless similarly wearing a protective helmet. The helmet, safety glasses or other protective eye device shall conform with rules adopted by the Ohio Director of Public Safety. The provisions of this subsection or a violation thereof shall not be used in the trial of any civil action.
 - (2) Subsection (h)(1) of this section does not apply to a person operating an autocycle or cab-enclosed motorcycle when the occupant compartment top is in place enclosing the occupants.
- (i) No person shall operate a motorcycle with a valid temporary permit and temporary instruction permit identification card issued by the Ohio Registrar of Motor Vehicles pursuant to Ohio R.C. 4507.05 unless the person, at the time of such operation, is wearing on the person's head a protective helmet that has been approved by the United States Department of Transportation that conforms with rules adopted by the Director.
 - (2) No person shall operate a motorcycle with a valid temporary instruction permit and temporary instruction permit identification card issued by the Registrar pursuant to Ohio R.C. 4507.05 in any of the following circumstances:
 - A. At any time when lighted lights are required by Section 337.02(a)(1);
 - B. While carrying a passenger;
 - C. On any limited access highway or heavily congested roadway.
- (j) Nothing in this section shall be construed as prohibiting the carrying of a child in a seat or trailer that is designed for carrying children and is firmly attached to the bicycle or electric bicycle.
- (k) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree. (ORC 4511.53)

373.03 ATTACHING BICYCLE OR SLED TO VEHICLE.

(a) No person riding upon any motorcycle, bicycle, electric bicycle, coaster, roller skates, sled or toy vehicle shall attach the same or self to any vehicle upon a roadway.

No operator shall knowingly permit any person riding upon any motorcycle, bicycle, electric bicycle, coaster, roller skates, sled or toy vehicle to attach the same or self to any vehicle while it is moving upon a roadway. This section does not apply to the towing of a disabled vehicle.

(b) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

If the offender commits the offense while distracted and the distracting activity is a contributing factor to the commission of the offense, the offender is subject to the additional fine established under Section 303.991 of the Traffic Code. (ORC 4511.54)

373.04 RIDING BICYCLES AND MOTORCYCLES ABREAST.

- (a) Persons riding bicycles, electric bicycles, or motorcycles upon a roadway shall ride not more than two abreast in a single lane, except on paths or parts of roadways set aside for the exclusive use of bicycles, electric bicycles, or motorcycles.
- (b) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

If the offender commits the offense while distracted and the distracting activity is a contributing factor to the commission of the offense, the offender is subject to the additional fine established under Section 303.991 of the Traffic Code. (ORC 4511.55)

373.05 SIGNAL DEVICE ON BICYCLE.

- (a) A bicycle or electric bicycle may be equipped with a device capable of giving an audible signal, except that a bicycle or electric bicycle shall not be equipped with nor shall any person use upon a bicycle or electric bicycle any siren or whistle.
- (b) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree. (ORC 4511.56)

373.06 LIGHTS AND REFLECTOR ON BICYCLE; BRAKES.

- (a) Every bicycle or electric bicycle when in use at the times specified in Section 337.02, shall be equipped with the following:
 - (1) A lamp mounted on the front of either the bicycle or electric bicycle or the operator that shall emit a white light visible from a distance of at least five hundred feet to the front; and three hundred feet to the sides. A generator-powered lamp that emits light only when the bicycle or electric bicycle is moving may be used to meet this requirement.

- (2) A red reflector on the rear that shall be visible from all distances from one hundred feet to six hundred feet to the rear when directly in front of lawful lower beams of head lamps on a motor vehicle.
- (3) A lamp emitting either flashing or steady red light visible from a distance of five hundred feet to the rear shall be used in addition to the red reflector; If the red lamp performs as a reflector in that it is visible as specified in subsection (a)(2) of this section, the red lamp may serve as the reflector and a separate reflector is not required.
- (b) Additional lamps and reflectors may be used in addition to those required under subsection (a) of this section, except that red lamps and red reflectors shall not be used on the front of the bicycle or electric bicycle and white lamps and white reflectors shall not be used on the rear of the bicycle or electric bicycle.
- (c) Every bicycle or electric bicycle shall be equipped with an adequate brake when used on a street or highway.
- (d) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree. (ORC 4511.56)

373.07 RIDING BICYCLE ON RIGHT SIDE OF ROADWAY; OBEDIENCE TO TRAFFIC RULES; PASSING.

- (a) Every person operating a bicycle or electric bicycle upon a roadway shall ride as near to the right side of the roadway as practicable obeying all traffic rules applicable to vehicles and exercising due care when passing a standing vehicle or one proceeding in the same direction.
- (b) This section does not require a person operating a bicycle or electric bicycle to ride at the edge of the roadway when it is unreasonable or unsafe to do so. Conditions that may require riding away from the edge of the roadway include when necessary to avoid fixed or moving objects, parked or moving vehicles, surface hazards, or if it otherwise is unsafe or impracticable to do so, including if the lane is too narrow for the bicycle or electric bicycle and an overtaking vehicle to travel safely side by side within the lane.
- (c) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

If the offender commits the offense while distracted and the distracting activity is a contributing factor to the commission of the offense, the offender is subject to the additional fine established under Section 303.991 of the Traffic Code. (ORC 4511.55(A))

373.08 RECKLESS OPERATION; CONTROL, COURSE AND SPEED.

- (a) No person shall operate a bicycle or electric bicycle:
 - (1) Without due regard for the safety and rights of pedestrians and drivers and occupants of all other vehicles, and so as to endanger the life, limb or property of any person while in the lawful use of the streets or sidewalks or any other public or private property;
 - (2) Without exercising reasonable and ordinary control over such bicycle or electric bicycle;
 - (3) In a weaving or zigzag course unless such irregular course is necessary for safe operation in compliance with law;
 - (4) Without both hands upon the handle grips except when necessary to give the required hand arm signals, or as provided in Section 373.02(d);
 - (5) At a speed greater than is reasonable and prudent under the conditions then existing.
- (b) Whoever violates this section is guilty of a minor misdemeanor on a first offense; on a second offense within one year after the first offense, the person is guilty of a misdemeanor of the fourth degree; on each subsequent offense within one year after the first offense, the person is guilty of a misdemeanor of the third degree.

373.09 PARKING OF BICYCLE.

- (a) No person shall park a bicycle or electric bicycle upon a sidewalk in such a manner so as to unduly interfere with pedestrian traffic or upon a roadway so as to unduly interfere with vehicular traffic.
- (b) Whoever violates this section is guilty of a minor misdemeanor on a first offense; on a second offense within one year after the first offense, the person is guilty of a misdemeanor of the fourth degree; on each subsequent offense within one year after the first offense, the person is guilty of a misdemeanor of the third degree.

373.10 MOTORIZED BICYCLE OPERATION, EQUIPMENT AND LICENSE.

- (a) No person shall operate a motorized bicycle upon any street or highway or any public or private property used by the public for purposes of vehicular travel or parking, unless all of the following conditions are met:
 - (1) The person is fourteen or fifteen years of age and holds a valid probationary motorized bicycle license issued after the person has passed the test provided for in Ohio R.C. 4511.521, or the person is sixteen years of age or older and holds either a valid commercial driver's license issued under Ohio R.C. Chapter 4506, or a driver's license issued under Ohio R.C. Chapter 4507, or a valid motorized bicycle license issued after the person has passed the test provided for in Ohio R.C. 4511.521, except that if a person is sixteen years of age, has a valid probationary motorized bicycle license and desires a motorized bicycle license, the person is not required to comply with the testing requirements provided for in Ohio R.C. 4511.521;
 - (2) The motorized bicycle is equipped in accordance with rules adopted by the Ohio Director of Public Safety and is in proper working order;

- (3) The person, if under eighteen years of age, is wearing a protective helmet on the person's head with the chin strap properly fastened, and the motorized bicycle is equipped with a rear-view mirror;
- (4) The person operates the motorized bicycle when practicable within three feet of the right edge of the roadway obeying all traffic rules applicable to vehicles: and
- (5) The motorized bicycle displays on the rear of such bicycle the current license plate or validation sticker furnished by the Ohio Director of Public Safety under Ohio R.C. 4503.191.
- (b) No person operating a motorized bicycle shall carry another person upon the motorized bicycle.
- (c) Each probationary motorized bicycle license or motorized bicycle license shall be laminated with a transparent plastic material.
- (d) Whoever violates this section is guilty of a minor misdemeanor. (ORC 4511.521)

373.11 RIDING BICYCLES ON SIDEWALKS PROHIBITED.

- (a) No person shall operate a bicycle upon a sidewalk within a business district, the Central Business District, or upon a sidewalk within a shopping center, or upon a sidewalk where signs are erected prohibiting such operation.
- (b) Any person lawfully operating a bicycle upon a sidewalk shall use the right side of the sidewalk. Upon all heavily traveled thoroughfares, it shall be the duty of all persons operating bicycles to ride in single file. (1978 Code 75.10)
- (c) Whoever violates any provision of this section is guilty of a minor misdemeanor on a first offense; on a second offense within one year after the first offense, the person is guilty of a misdemeanor of the fourth degree; on each subsequent offense within one year after the first offense, the person is guilty of a misdemeanor of the third degree.

373.12 SKATEBOARDS: ROLLER SKATES.

- (a) As used in this section "skateboard" means any vehicle or device consisting basically of a board or platform mounted on wheels or rollers, whether powered by gravity, muscle power or mechanical or motorized means, which is not equipped with a positive, mechanical means of steering such vehicle or device. However, "skateboard" shall not include motorized or other wheelchairs.
- (b) No person shall ride on or operate a skateboard, rollerskates, toy vehicle, or similar device on any of the streets or highways listed in Traffic Schedule VII.
- (c) No person shall ride on or operate a skateboard, rollerskates, toy vehicle, or similar device upon a sidewalk within a business district, upon any public or private property used by the public for purposes of vehicular travel or parking within a business district, upon a sidewalk within a shopping center, or upon a sidewalk where signs are erected prohibiting the same.

- (d) Every person lawfully riding on or operating a skateboard, roller skates, toy vehicle, or similar device within the City shall obey at all times all traffic-control devices, signals, and regulations of the City including, without limitation, the duty to operate the same on the right side of the street, highway, alley, or sidewalk. (1978 Code 75.11)
- (e) Whoever violates any provision of this section is guilty of a minor misdemeanor on a first offense; on a second offense within one year after the first offense, the person is guilty of a misdemeanor of the fourth degree; on each subsequent offense within one year after the first offense, the person is guilty of a misdemeanor of the third degree.

373.13 ELECTRIC BICYCLES.

- (a) The operation of a class 1 electric bicycle and a class 2 electric bicycle is permitted on a path set aside for the exclusive use of bicycles or on a shared-use path, unless the Municipality by resolution, ordinance, or rule prohibits the use of a class 1 electric bicycle or class 2 electric bicycle on such a path.
 - (2) No person shall operate a class 3 electric bicycle on a path set aside for the exclusive use of bicycles or a shared-use path unless that path is within or adjacent to a highway or the Municipality by resolution, ordinance, or rule authorizes the use of a class 3 electric bicycle on such a path.
 - (3) No person shall operate a class 1 electric bicycle, a class 2 electric bicycle or a class 3 electric bicycle on a path that is intended to be used primarily for mountain biking, hiking, equestrian use, or other similar uses, or any other single track or natural surface trail that has historically been reserved for nonmotorized use, unless the Municipality by resolution, ordinance or rule authorizes the use of a class 1 electric bicycle, a class 2 electric bicycle, or a class 3 electric bicycle on such a path.
- (b) No person under sixteen years of age shall operate a class 3 electric bicycle; however, a person under sixteen years of age may ride as a passenger on a class 3 electric bicycle that is designed to accommodate passengers.
 - (2) No person shall operate or be a passenger on a class 3 electric bicycle unless the person is wearing a protective helmet that meets the standards established by the Consumer Product Safety Commission or the American Society for Testing and Materials.
- (c) Except as otherwise provided in this subsection, whoever operates an electric bicycle in a manner that is prohibited under subsection (a) of this section and whoever violates subsection (b) of this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.
 - The offenses established under subsection (c)(1) of this section are strict liability offenses and strict liability is a culpable mental state for purposes of Ohio R.C. 2901.20. The designation of these offenses as strict liability offenses shall not be construed to imply that any other offense, for which there is no specified degree of culpability, is not a strict liability offense. (ORC 4511.522)

Electric Department Report July 2019

There were 16 callout/outages during the month of July. 3 outages were due to lightning strikes on our system. 2 Outages were due to squirrels. 1 callout was to check a door that had a problem with a latch at Industrial Substation. 4 callouts were o turn on customers power after nonpayment turn offs. 4 outage/callouts were due to trees and branches breaking and blowing into lines from storms. 2 callouts were found to be customer issues.

Linemen/Service Truck: Crews installed underground cables at West Villa Condos. Crews had bucket and pole top rescue classes with Jim Eberly of AMP. Crews replaced a transmission pole on road 12 just south of road T. Crews performed nonpayment shutoffs for utility billing. Crews pulled remaining poles set for bridge replacement in Fulton county on road 12. Linemen replaced/relocated secondary wiring on Wayne street. Crews took down two trees in City easement at 510 Buckeye. Crews replaced two 3 phase poles on Interstate Drive to make room for a new truck lot. Crews replaced a crossarm that was hit by lightning at Road T and St. Rt. 108. Crews installed a new URD service on Rd T-1 just East of St. Rt.108. Crews trimmed trees in Coon Hollow hanging over primary wires. Linemen trimmed trees in Alley over wires at 115 Sheffield. Crews trimmed trees over 3 phase wires at 729 & 737 Welsted. Crews worked on Fire Siren behind WalMart. Crews bored holes for FD at Oakwood facility for new pole barn and attended tow motor certification classes with Sandy Sherwood of AMP. Crews installed new URD and Street light at West Villa Condos.

Substation Crew: The substation crew performed weekly and monthly checks at all substations and performed testing on the southside substation transformer. They also performed oil testing on all NPL substation equipment and mowed substation yards as needed. They attended training with AMP. They also helped with storm outages as needed.

Tree Crew: The tree trimming crew trimmed trees on Maumee Lane, Lakeview, St. Rt. 110, Rd. 9-B, 729 & 737 Welsted and helped crews with URD at West Villa Condos. They also attended training with AMP.

Stoeroom/ Inventory/Meter Reading: Shawn read meters for billing department, mowed at 1775 Industrial for service building, ordered and stocked inventory. He also helped line crews as needed.

WWTP Property Research Status Report

The City of Napoleon WWTP and collection system near the WWTP will require significant modification in the near future to meet the requirements of the recently issued NPDES Permit, completion of upgrades to the solids handling systems and the construction of a new headworks facility. The anticipated modifications to the WWTP and sewers will require encroachment onto abutting parcels along the northerly side of East Washington Street and necessitate alternative access to East Riverview Avenue for ingress and egress during construction. Figure 1 attached shows the areas of proposed acquisition to accommodate the WWTP Phase 1 Improvements.

Hoff Consulting Services, LLC (HCS) was engaged by City staff to facilitate discussions and negotiation with three (3) owners who could be directly impacted by the proposed improvements. Additional team members assisting in the development of the background information and strategy for acquiring the parcels were:

- Barber, Kaper, Stamm, McWatters & Whitlock (BKSMW) Legal
- Bockrath & Associates (Bockrath) Survey
- American Property Analysts (APA) Title Review & Appraisals

Additional support and cooperation were provided through several Henry County officials, including staff from the Offices of the County Auditor, County Engineer, County Prosecutor, County Recorder and County Treasurer.

In the course of reviewing information available through the County Auditor's website, deed research and surveys completed for this portion of the City, three (3) "gaps" or areas of "no man's land" were identified between record parcels. Such gaps are somewhat common when working older portions of a community. Based upon our review of the historical information derived from the title reviews, we were able to successfully identify the owner of record for each of the existing gaps. Resolution of these gaps is part of the proposed consolidation survey that will be discussed later within this memo.

As of the date of this memo, all property owners have been contacted and agreed to accept the transfer of property to the City. The following is a summary of the negotiations with each owner and the proposed resolution for acquisition of each parcel.

Margaret Rieger (deceased) / Katherine Luna (daughter) – Parcels just West of Former DT&I RR, adjacent to Northerly R/W of East Washington ~ See Figure 2

Ms. Margaret Rieger held title to three (3) lots divided from Outlots 13 & 14 in R.K. Scott's First Addition to the City of Napoleon and totaling roughly 0.75 acres. Each lot is approximately 66' W x 165' L and located along the northerly right-of-way of East Washington Street. Ms. Rieger passed away in 2007 and her estate, including these properties, was not resolved through Probate. With the estate unresolved, the taxes on the property accrued since 2007 and currently total \$14,133.05. These past due taxes will need to be paid prior to transfer of the parcels.

Through title and appraisal work completed for these parcels, we discovered that legal description for the easterly-most parcel contained an error dating back to 1929. This error in the legal description was corrected through a Surveyor's Affidavit filed at the County by Bockrath. In addition, we worked with Ms.

MEMO

Luna and her husband to agree to filing an "Heirship Affidavit" that has been filed with the County to place these parcels into Ms. Luna's name. The appraised value determined for these parcels is \$3,400.

Ms. Luna has agreed to accept compensation of \$3,000 for working cooperatively with the City to acquire these parcels.

Overall Status:

- Estate resolved by Heirship Affidavit, recorded 19-Jul-2019
- Error in legal description resolved by Surveyor Affidavit, recorded 13-Jun-2019
- Property required for completion of WWTP Phase 1 Improvements

Appraised Value: \$3,400.00
 Purchase Price: \$3,000.00
 Past Due Taxes: \$14,133.05

Carol Snyder Leggett & Gale L. Snyder – Parcels Adjacent to and on Either Side of Former DT&I RR, fronting on E. Riverview ~ See Figure 3

The Snyder family holds title to the remainder of Outlots 14 & 17 of R.K. Scott's First Addition to the City of Napoleon, after removing the former DT&I Railroad, an area 132' W x 165' D along Washington Street (Rieger & Murry Parcels) and an area 50' W x 200' L (Automatic Feed). The parcels are shown on Figure 3, attached. Acquisition of these parcels will enable the City to create access from the WWTP site directly to East Riverview Avenue to help facilitate construction of the proposed WWTP Phase 1 Improvements and enable equipment and chemical deliveries into the WWTP site to avoid the residential areas along East Washington.

The title review completed by APA revealed that the property was equally divided through various estates and transfers, resulting in Ms. Carol Snyder Leggett and Ms. Marcella A. Snyder each owning an undivided 1/2-interest in the lands. Ms. Snyder passed away in 1998 and her ownership of lands within Henry County was not resolved through Probate. This information has been shared with the Snyder Family and they have agreed to complete the certificates of transfer necessary to clear the title through Probate. It is anticipated that the estate should be resolved within 60-75 days.

Based upon negotiation with the family members owning these lands, the owns have agreed to sell the property to the City of Napoleon for \$16,850. This transfer will be required prior to completing the transfer of property with the Murry Family discussed below.

Overall Status:

- Property title resolution through Probate to be completed by the heirs of Marcella A. Snyder
- Property required for completion of WWTP Phase 1 Improvements and to facilitate transfer with Murry Family described below

Appraised Value: \$9,900.00*Purchase Price:* \$16,850.00

Rodger & Marjorie Murry – Parcel West of Former DT&I RR, adjacent to North R/W of East Washington ~ See Figure 4

Mr. & Mrs. Murry hold title to a single lot divided from Outlots 14 in R.K. Scott's First Addition to the City of Napoleon. The lot is approximately 66' W x 165' L and is located along the northerly right-of-way of East Washington Street. The Murrys also hold title to two (2) parcels fronting on East Riverview Avenue, immediately to the west of the City-owned former DT&I Railroad Right-of-Way. Based upon an on-line review of available aerial imagery, the Murrys began clearing portions of the City lands in the late 1990's to early 2000's and proceeded to construct landscaping features that currently occupy the site and placed fencing around a portion of the perimeter.

Based upon discussions with the Murrys, we have proposed swap a portion of the City-owned former DT&I Railroad Right-of-Way and small section of the lands to be acquired from the Snyder Family (see above) for the parcel along East Washington Street. Figure 4 attached represents the proposed land swap.

Overall Status:

Property along East Washington required for completion of WWTP Phase 1
 Improvements ~ City property west of former DT&I not required for project

Appraised Value: \$11,100.00

• Purchase Price: \$0.00 (direct land swap)

Figure 5 shows the consolidated parcels once all of the proposed acquisitions and transfers are completed. The total cost of the acquisitions will be \$19,850.00 in compensation to the property owners, plus \$14,133.05 for the past-due taxes on the Rieger/Luna parcels (\$33,983.05 grand total). The total appraised value for these lands is \$24,400.00.

We are recommending that City Council authorize drafting of legislation to allow for the purchase of the above properties in advance of the WWTP Phase 1 Improvements Project.

Please contact me should you have any questions or require additional information.

Respectfully Submitted,

Call to Order

Chairman Fitzenreiter called the meeting to order at 6:02 pm.

Approval of Minutes

Clausing noted under Tree Call Reports in the third paragraph Railroad Bridge should be River Bridge. The correction was made and the May 20, 2019 meeting minutes were approved.

Review Tree Call Reports

Deblin reported:

810 West Riverview said one of the newer trees is dying, I did not see a problem with the tree. The complaint came through the Operations Department and they did not get a phone number or name to call the person back. Fitzenreiter said possibly that was the wrong address.

544 High Street

The house is on the corner of High and Haley the small tree they are requesting be removed is on the Haley Street side. There are some dead limbs, I would recommend trimming the tree and monitor it, also there is a larger tree right on corner of that property they want taken down, he's tired of taking care of it, I did not see anything wrong with that tree.

645 Strong Street

The complaint is the tree is destroying her sidewalk, she is an elderly lady her family was there with her and had no real concerns, the sidewalk has moved minimally not enough to be a trip hazard.

1105 Kenilworth

There was a request to remove the dead tree on Broadmoor at the dead end by the railroad, the tree is in our right-of-way and is dead, I added it to the Fall list.

448 Appian

Said the Electric Department removed the tree in the past and was inquiring about having the stump ground, I had it taken care of with the tree removal contract as it has been over year since the tree was removed.

Fall Plantings List	Fitzenreiter asked about the spruce tree that is dead at the corner of Haley and Strong, is that tree in the right-of-way? Deblin replied it's real close. Volkman noted the tree on the other corner next to the alley was taken down. Fitzenreiter said there is a dead pear tree on the NE corner of Washington and Haley, Marlyn Krueger's house, that is not in the right-of-way that was not removed last year, it is within 6' of the street. Deblin will double check if it is not in the right-of-way. Deblin informed the Committee letters went out to the resident affected by the Park Street Phase 2 project (from Glenwood to Sheffield) they have a couple more weeks to respond if they want tree or not, no response means a yes they want a tree planted. The majority of the fall plantings are on Park Street, there will also be some plantings on Haley Street, Clairmont Avenue, Highland and Welsted all are requests from people calling in saying they had a tree removed and wanted new one planted, as of now there are twenty-seven trees to plant. Fitzenreiter asked if Park St across from the Police Department is included on the list. Deblin responded that area will have four trees planted.
Fall Trimmings List	Deblin said we will pickup up where we left off on the west end of town, to finish
	up the Twin Oaks area, Linden and Thershan need to be touched up and then will continue onto Bordeaux to Glenwood to the north and around the high school
	area. The focus will be from Glenwood west and then north.
Finalize Fall Removals	Deblin reported this is a smaller list, I am trying to work with Jamie Howe, the
List	Electric Department's tree arborist, we came up with eight trees and six extra
	stumps from trees that were cut down for power reasons. He recommended taking down the tree at 122 West Maumee, he claims the root system is damaged
	and if the tree falls it will fall toward the house, that is his concern. Etzler
	suggested the Commission look at the tree. Deblin said the tree will remain on the list and if you change your mind email me. The tree looks great to me; but,
	the arborist is recommending removal. Volkman stated we have taken trees out
	that weren't in bad shape anticipating damage to roots and did not want the
	liability of a tree possibly falling over. Etzler added trees do not have to look bad to be unstabilized. Fitzenreiter said for now we will leave it on the list unless you
	hear otherwise.
Finalize Fall Topsoil List	Deblin reported some areas are higher than the grade, ones that are flush the
i manie i an roposii iist	homeowners have already seeded, none have recessed. Fitzenreiter asked is this
	an as needed thing and does not need a contract? Deblin suggested adding
	topsoil to the planting contract, North Branch usually does both contracts and if something needs done we will add it. Fitzenreiter said we can try it and if it
	doesn't work out, we can change it later. Deblin said from the homeowner's
	standpoint I would want my yard restored sooner than later. Etzler added it would make sense and be less expensive. Deblin said Jeff Rathge, the Operations
	Superintendent, is not fond of having grindings with soil mixed in for mulch I
	thought we could make a secondary pile it will add a little bit of cost but will not be a major inconvenience. The committee concurred doing the Spring Contract
	as suggested by Deblin.

Other Matters	Fitzenreiter had a question on staking the trees, how long are the stakes left in,
Staking Trees	do we need to pull any out? Deblin replied the majority of trees that are staked
	are from 2017 to present, I did some research on the website Stefanie referred us
	to at the academy, they do not recommend staking unless absolutely have to.
	Volkman added you do not stake to hold a tree up you stake in case the tree
	moves and to keep it from falling over. Stakes that are in too long or too tight are
	not good. Fitzenreiter said the new trees by the Armory look terrible they are so
	crooked some of the downtown trees are crooked too, where would you put a
	stake in the tree well? Deblin was not sure if the older ones can be salvaged and
	said he will reach out to North Branch and see what they recommend there is a
	one-year warranty on all their plantings.
Tour of North Branch	Fitzenreiter asked if we want to pursue the tour of North Branch Nursery? We
Nursery	tried a Saturday and that did not fall into place, would it make a difference if we
	went during the week? Deblin said earlier in the week would better than a
	Friday. Fitzenreiter will call Dave at North Branch and see what he would
	recommend and will email the Commission.
Motion to Adjourn	Motion: Volkman Second: Etzler
Wiotion to Aujourn	to adjourn the Tree Commission meeting at 6:40 pm.
	to adjourn the free commission meeting at o. to pm.

Update Municipal Officials

August 16, 2019

OML UPDATE AT-A-GLANCE

Here are the top three things you need to know from this past week:

- Sen. Uecker (R Loveland) has announced he will be resigning from his 14th Senate District (Clairmont Brown, Adams and Scioto counties) seat on August 31st to accept a post with the Ohio Department of Transportation. Candidates to fill the seat are currently going through the vetting process.
- Gov. DeWine has declared a state of emergency for 63 Ohio counties on account of road damage caused by severe weather that occurred earlier this summer. This declaration will allow both the Ohio Department of Transportation and local governments to access federal emergency relief funds. You can find a list of the 63 impacted counties here: https://on.wkyc.com/2TAx3vS)
- The Public Utilities Commission of Ohio (PUCO) is developing rules to govern the acquisition of municipal water and wastewater systems by private companies per the passage of HB 422 last General Assembly. You can find the bill language here: https://bit.ly/2KPdqfE. The League was supportive of this bill.

SAMPLE RESOLUTION TO JOIN OML AMICUS BRIEF ON NET PROFIT CENTRALIZED COLLECTION LAWSUIT

We are providing a sample resolution (HERE) for those municipalities interested in joining the Ohio Municipal League's amicus brief on the legal case, *Athens v. McClain*, challenging the state centralized collection of municipal net profit income tax revenues that will be heard by the Ohio Supreme Court this winter. The League encourages local officials to work with their law directors to develop language specific to their municipalities. We are providing this language as a template. Any municipality that passes a resolution should send a copy to League Executive Director Kent Scarrett at kscarrett@omlohio.org.

The Ohio Supreme Court accepted this case on August 6th. There is a 40-day window starting that date where amicus briefs can be filed. We encourage members interested in joining the League's amicus brief to finalize and pass their municipality's resolutions a soon as possible.

GOVERNOR DEWINE INTRODUCES GUN INTERVENTION PROPOSALS

We want to make our members aware that in the wake of recent gun violence tragedies that have occurred in our state and across the country, Governor DeWine has introduced 17 proposals that seek to address issues related to gun violence. The proposals are as follows:

- Increased access to inpatient psychiatric care.
- Investing \$15 million from the Ohio Department of Medicaid in telehealth mental health services to increase student access to behavioral health services
- Working with communities to increase knowledge of risk factors and to help parents identify signs of mental illness in their child.
- Increased penalties for felons who illegally possess firearms.
- Increased penalties for violent felons who illegally possess firearms.
- Increased penalties for people who commit felonies while possessing firearms.
- Increased penalties for brandishing a gun.
- Increased penalties for "straw purchases," or purchasing guns for or giving guns to another individual, which is illegal under both Ohio and federal law.
- Increased penalties for illegally-obtained guns.
- Increased penalties for improperly providing firearms to minors.
- Expanding Ohio's school safety tip line so that children and adults can call or text anonymously with tips about potential school violence.
- Investing \$9 million as provided in the State Operating Budget (HB 166) to help "harden" soft targets like nonprofits and religious organizations to make their facilities more secure.
- Implementing statewide school safety and intervention programs, such as the Sandy Hook Promise's "Know the Signs" safety program.

While the Ohio legislature has indicated they will consider measures to address gun violence, no legislative language has been introduced at this point. The League will report on any language introduced once it becomes available.

NEW LEGISLATION OF MUNICIPAL INTEREST

Here is a bill introduced this week that would impact municipalities:

 HB 319 - FIREARMS CONDUCT. Sponsored by Rep. West (D - Canton) and Rep. Miller (D - Columbus), would restore local authority to generally regulate firearms related conduct. Am. 9.68 of the Revised Code and to repeal on December 28, 2019, the version of section 9.68 of the Revised Code that is scheduled to take effect on that date.

AMP holds lineworker training

By Scott McKenzie - director of member training and safety

AMP held a Lineworker Training Intermediate course in Columbus, Aug. 12-16. The training course provides participants an opportunity to learn about transformer banking and wiring configurations, overhead distribution construction, pole top rescue techniques and more.

Lineworkers in attendance included: David Powell, Cuyahoga Falls; Joe Marez, Cuyahoga Falls; Levi Marburger, Ellwood City; Nathan Thompson, Columbus; Shannon Fike, Beach City; Todd Streets, Columbus; Tyler Cammel, Cuyahoga Falls; and Zach Miller, Cuyahoga Falls.

Throughout the year, AMP offers high-quality training designed to improve employee performance and enhance safety. Members are encouraged to browse the <u>2019 AMP Training Catalog</u> on the <u>member extranet</u> (login required) and sign up for any courses that might benefit their community.

If you have questions about training, please contact Jennifer Flockerzie at <u>jflockerzie@amppartners.org</u> or 614.540.0853.

2019 AMP/OMEA Annual Conference to feature new Member Round Tables session

By Zachary Hoffman - communications and public relations specialist

The 2019 AMP/OMEA Annual Conference will be featuring a new session: Member Round Tables.

Not to be confused with the Member Lightning Talks session that has been featured in past years, this new session is designed to allow for members to exchange thoughts and positions on the most pressing issues that are facing public power today.

This energy-packed session will help provide insight into different perspectives on many of the biggest issues facing our industry. The session will take place on Sept. 23 from 4:30-5:30 p.m. and we

encourage member participation.

Conference registration can be completed <u>here</u>.

Celebrate National Hydropower Day on Aug. 23

By Holly Karg - director of media relations and communications

For more than 125 years, hydropower has powered this nation with clean, renewable energy. National Hydropower Day - Aug. 23 - is time to celebrate America's first renewable energy resource.

AMP operates one of the largest run-of-the-river developments of renewable hydroelectric generation in the region. The six projects that AMP participates in along the Ohio River provide more than 400 MW of renewable energy generation. Additionally, a number of AMP member communities operate their own locally-sited hydroelectric facilities.

Please join us in celebrating National Hydropower Day next Friday. To assist you, AMP, along with the National Hydropower Association, is providing talking points and digital graphics for your use locally to help spread the word on America's first, oldest and most reliable renewable energy resource.

To download National Hydropower Day materials, click <u>here</u> (log in required).

2019 AMP/OMEA Annual Conference to feature session on DEED Public Power Electric Vehicle Planning Toolkit

By Erin Miller - director of energy policy and sustainability

Planning for electric vehicle (EV) adoption is a smart investment for any public power community to make, no matter how big or small. As EV adoption rates continue to grow, utilities will see a rise in electric demand and increased stress on electrical infrastructure.

Seeing the benefit of advanced planning and educational opportunities, AMP is providing a session to inform members about a tool that can help with these issues on Sept. 24, from 11:00 a.m. to noon.

In this session, Chris Schroeder, vice president of Smart Electric Power Alliance (SEPA) will hold an hourlong session to overview and demonstrate the DEED Public Power Electric Vehicle Planning Toolkit. Learn how to plan for EVs in your fleet and predict residential distribution system impacts.

Conference registration can be completed here.

AMP members eligible for discounted admission to the Midwest Green Transportation Forum

By Erin Miller

The fifth annual <u>Midwest Green Transportation Forum and Expo</u> will be held Sept. 18-20, in Columbus. AMP members are eligible to receive a 60 percent discount off admission.

The conference has an <u>electric vehicle</u> (EV) <u>track</u>, which will cover funding opportunities, vehicle availability, options for hosting and siting charging stations and more.

"Our attendees can not only hear and learn from our speakers, the more-intimate scale means they can more easily connect and network with them, our industry exhibitors and each other," said Sam Spofforth, executive director of Clean Fuels Ohio. "It's comparable in quality to a big national event, but Midwest-oriented and affordable in terms of cost and time. People will walk away with information and connections needed to act when they are ready."

AMP Members may use the promo code JOINUS at check-out for a discounted rate of \$79 (60 percent off the full ticket price). Register here.

Energy market update

By Jerry Willman - assistant vice president of energy marketing

The September 2019 natural gas contract increased \$0.089/MMBtu to close at \$2.232 yesterday. The EIA reported an injection of 49 Bcf for the week ending Aug. 9. Market expectations were for an injection of 61 Bcf. The build compares with the five-year average +49 Bcf. The injection brought total U.S. working gas supply to 2,738 Bcf, a deficit of 111 Bcf (4.1 percent) versus the five-year average and 329 Bcf above a year ago. The injection season running total of 1,631 Bcf is much larger than the five-year average of +1,214.

On-peak power prices for 2020 at AD Hub closed yesterday at \$32.24/MWh, which decreased \$0.06/MWh for the week.

AFEC weekly update

By Jerry Willman

The AMP Fremont Energy Center (AFEC) was available for 2x1 operation for the week. PJM dispatched the plant offline overnight Saturday and Sunday due to economics. Duct firing operated for 118 hours this week. For the week, the plant generated at a 70 percent capacity factor (based on 675 MW rating).

Security tip - Capital One Data Breach Affects 106 Million People

By Jared Price - vice president of information technology and CTO

Last week, Capital One announced that they experienced a data breach in March, which exposed the data of nearly 106 million bank customers or credit card applicants. Capital One has said they will notify the customers or applicants whose data was exposed. However, you must stay alert and be on the lookout for any phone calls, emails or text messages from cyber criminals related to this data breach.

Watch out for the following:

- Phishing emails that claim to be from your financial institution where you can "check if your data was compromised."
- Phishing emails that claim there is a problem with a credit card, your credit record or other personal financial information.
- Calls from scammers that claim they are from your bank, a credit union or a government institution.
- Any unexpected communication requesting personal information, such as your Social Security Number.
- Indications that your identity was stolen, such as fraudulent charges on your credit card or notifications that your credit score has lowered.

Stay safe out there!

City of Marshall seeks applicant for assistant director of electric utilities

The City of Marshall is a quaint Norman Rockwell style community with a population of 7,068 in lower, central Michigan. Located less than one hour from the campuses of the University of Michigan and Michigan State University, two hours from Detroit and beautiful Lake Michigan, and three hours from Chicago. The City has installed a fiber to the premise system to every property in the city with symmetrical speeds up to 10 mbps.

The community is seeing unusual growth with over \$1 billion of industrial growth. Click <u>here</u> to view the Choose Marshall video. Located at the intersection of I-94 and I-69, the crossroads of international highways, the city is preparing for large industrial and residential growth with a 1,000-acre mega industrial site. The downtown district is 97 percent commercially occupied. The city has the largest National Historic Landmark District in Michigan with many neighborhoods of historic homes.

In the next three years, it is anticipated a peak-demand growth from 23 MW to 123 MW. The city will be constructing infrastructure to meet this demand. A privately developed dual unit 500 MW gas fired power plant is proposed in the city. A complete job description can be found at www.cityofmarshall.com

Variance To The Side Yard Setback Located At 221 E. Barnes Ave.

MEMORANDUM

TO: Members of The Board of Zoning Appeals

FROM: Mark B. Spiess, Sr. Eng. Tech. / Zoning Admin.

SUBJECT: Variance To The Side Yard Setback

MEETING DATE: August 13, 2019 @ 4:30 PM

HEARING #: BZA-19-07

BACKGROUND:

An application for public hearing has been filed by Grant Adkins, 221 E. Barnes Ave. Napoleon, Ohio 43545. The applicant is requesting a variance to Section 1147 regarding the building setbacks in an R-2 Zone, Low Density Residential. The applicant is requesting the variance to rebuild an existing building on the same location with zero side yard setback.

RESEARCH AND FINDING

Upon approval of this variance and issuance of a zoning permit, a building permit from Wood County Building Inspection shall be required followed by a Certificate of Occupancy.

STANDARDS FOR A VARIANCE:

The Board, after a hearing, may grant a variation from the regulations of the City's Planning and Zoning Code, but only when such variation is in harmony with the general purpose and intent of the Planning and Zoning Code, and the Board finds all of the following:

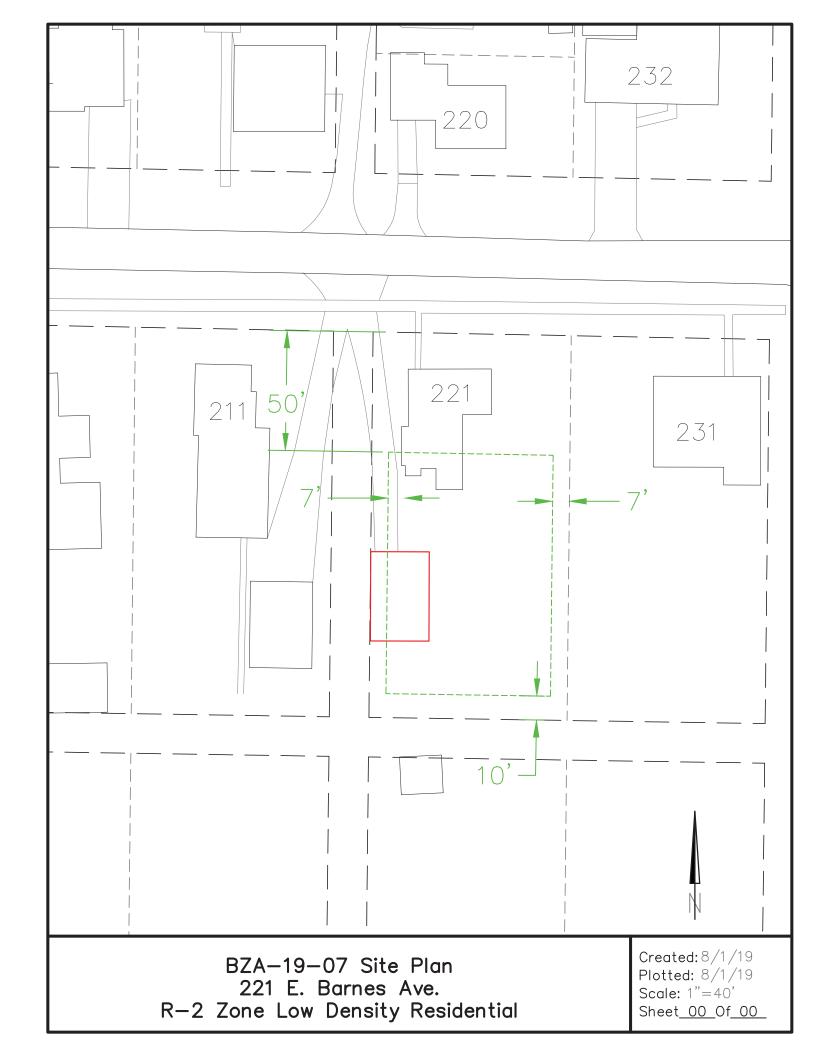

- (a) That there are exceptional or extraordinary circumstances or conditions applicable to the property or to the intended use that do not apply generally to the other property or use in the same vicinity or district;
- (b) That such variance is necessary for the preservation and enjoyment of a substantial property right possessed by other property in the same vicinity or district but which is denied to the property in question;
- (c) That granting such variance will not be materially detrimental to the public welfare or injurious to the property of improvements in the vicinity or district in which the property is located;
- (d) That granting such variance will not alter the land use characteristics of the vicinity or district, diminish the value of adjacent land and improvements, or increase the congestion in the public streets. (Ord. 69-01. Passed 7-2-01.)
